VISITORS to the STOCK SHOW

will find this great *Style Store* of especial interest.

Everything that is new and correct in women's fine wearing apparel may be found at this fashionable store.

We are the acknowledged style leaders of Chicago, and we want every visitor to come and see the beautiful things, and to come with the feeling that they are our guests rather than prospective customers.

STEVENS' SORORITY SUIT

Is something entirely new, in the way of a Girl's Dress, designed especially for school and street wear, and is a general favorite with stylish young girls. It is

made with pretty yoke effect, onto which the bodice is joined, blousing so full and prettily at the waist line, with little pocket and emblems and buttons which tend to liven the color effect.

This Sorority Suit is made of the best quality of serge, in navy, black, red, green and large plaids. Sizes, 14 to 20 years in lengths appropriate. Special price : : : : **\$20**

PROGRAM INTERNATIONAL JUDGING

Following is the Official Program announced for the judging at the International Live Stock Exposition, opening at Chicago, December 16th, and continuing until Saturday, December 23rd. The opening day, it will be observed, is devoted to the Students' Judging Contest, such arrangement being necessary in order that the regular judging, beginning Monday morning, may not be interfered with in any way. It is the policy of the management to push forward the work of placing prizes as rapidly as possible, beginning at 9 A. M. Monday, the 18th. The judging of steers, wethers and barrows on that day is rendered necessary in order that the slaughter test may be carried out during the week.

Program for evening show will be issued each evening.

GENERAL RULES AND REGULATIONS.

Exhibitors are requested to familiarize themselves with all the Rules of this Exposition in Classes and Departments applicable to their exhibits.

IMPORTANT RULE.

Any protest as to eligibility on account of age of animals entered in the fat classes of the Exposition must be filed with the General Manager prior to the day on which they are to be judged. Information concerning the class that any animal or carload is entered in, can be had at the office of the Exposition. Specifications showing ages of cattle by dentition is given hereunder for benefit of exhibitors.

Specifications showing teeth of cattle at ages described, which is adopted as a basis for determining ages of cattle.

Twelve months—An animal of this age shall have all of its milk (calf) teeth in place.

Fifteen months—At this age center pair of incisor milk teeth may be replaced by center pair of permanent incisors (pinchers), the latter teeth being through the gums but not yet in wear.

Eighteen months—The middle pair of permanent incisors at this age should be fully up and in wear, but next pair (first intermediate) not yet cut through gums.

Twenty-four months—The mouth at this age will show two middle permanent (broad) incisors fully up and in wear, and next pair (first intermediate) well up but not in wear.

Thirty months—The mouth at this age may show six broad permanent incisors, the middle and first intermediate pairs fully up and in wear, and the next pair (second intermediate) well up but not in wear.

Thirty-six months—Three pairs of broad teeth should be fully up and in wear, and the corner milk teeth may be shed or shedding with the corner permanent teeth just appearing through gums.

INTERNATIONAL LIVE STOCK EXPOSITION.

RULE 1. An exhibitor who violates any of the following rules will forfeit all privileges and premiums and be subject to such penalty as the Executive Committee may order.

RULE 2. All exhibits will be under the control and direction of the General Manager, but the Exposition will in no case be responsible for any loss or damage that may occur. Each exhibitor will be solely responsible for any consequential or other loss, injury or damage done to, or occasioned by, or arising from, any animal or article exhibited by him, and for its description as given in the catalogue, and shall indemnify the Exposition against all legal or other proceedings in regard thereto.

RULE 3. The building will be in readiness for the reception of exhibits any time during the week preceding the Exposition.

RULE 4. The General Manager will have the entire control and management of the grounds and buildings, and the general supervision of all stock and articles exhibited.

RULE 5. All officers and employes are required to wear badges during the Exposition and no person other than those holding animals being exhibited will be allowed in the show ring during the time of judging, except the Superintendent of the Division, the Judge and officially accredited reporters. This rule will be rigidly enforced.

RULE 6. No peddling, hawking or selling of any kind will be allowed, and the distribution of handbills or other advertising is strictly prohibited in the buildings, on the grounds, or on the streets leading to the grounds, except by a special license obtained from the General Manager of the Exposition.

RULE 7. Exhibitors are prohibited from using blankets or covers on their stock bearing any description of advertising except the name of the animal or owner. This rule will be rigidly enforced between the hours of 7 A. M and 11 P. M. each day of the Exposition.

RULE 8. The Exposition reserves the right to amend or add to these rules as the Executive Committee in their judgment may determine.

ENTRIES.

RULE 9. The fees for space wherever charged must in all cases accompany the application for entry.

RULE 10. ALL APPLICATIONS for entries MUST BE made on printed forms, which may be obtained free by addressing the General Manager. These forms are to be filled up and signed by the exhibitor, and FILED in the office of the General Manager of the Exposition, on or before November 1.

RULE 11. Articles of approved character may be entered "for exhibition only," on payment of such fees as the Executive Committee may determine.

CATALOGUE.

RULE 12. The annual catalogue will be issued as a souvenir, and exhibitors will see the importance of having their exhibits properly catalogued, inasmuch as they will be included without cost to the exhibitor, if entered in accordance with the rules. (See Rules 2, 13, 14, 15.)

ADVERTISING RATES MADE KNOWN ON APPLICATION TO THE GENERAL MANAGER.

RULE 13. All entries will be inserted in the annual catalogue, and each exhibitor on his arrival at the Exposition will receive, on application at the General Manager's office, tags with duplicate numbers to correspond with the catalogue number, which shall be fastened in the most conspicuous part of the stalls, pens or place where exhibit is shown.

RULE 14. If it is desired, the exhibitor may state in the entry the price for which he will sell his animal or article. This price shall be inserted in the catalogue, but all sales will be between the owner, or his representative, and the purchaser. The Exposition will not interfere or assume any responsibility.

RULE 15. No animal or article shall be considered by Awarding Committee that has not its proper tag prominently attached to it during competition. Tag will show age and official weight of competing animals.

EXHIBITORS.

All exhibits can be unloaded from the cars on the Exposition grounds. Merchandise or live stock shipped from any part of the world is run direct to the Exposition without transfer. Consign all carload exhibits in care of International Live Stock Exposition, Union Stock Yards, Chicago, Ill., and for the pure-bred and sale division consign to International Live Stock Exposition, Express Horse Chutes, Union Stock Yards, Chicago, Ill.

RULE 16. After having properly entered their exhibits, exhibitors must themselves see to their delivery to the Steward of the appropriate department, so that they may be in their places properly ticketed and ready for competition by 9 A. M. Monday of the Exposition. They are likewise required to attend to their articles or animals while on exhibition, and answer such questions as the judges may deem essential to a correct estimate of their relative value.

RULE 17. Storerooms will be provided for packing boxes, etc. All packing and shipping material not deposited in storeroom will be destroyed by the General Manager.

RULE 18. All articles and animals for exhibition, except car lots of fat stock (see Special Rule), must be in their places, with all rubbish and waste cleared away, at 10 A. M. of the opening day of the Exposition, and entered in the name of the real owner, to remain on the grounds to the close of the Exposition. Any violation of this rule will cause a forfeiture of all premiums earned by the exhibitors.

RULE 19. In all cases, the right is reserved to reject entirely, or accept conditionally, any entry or application.

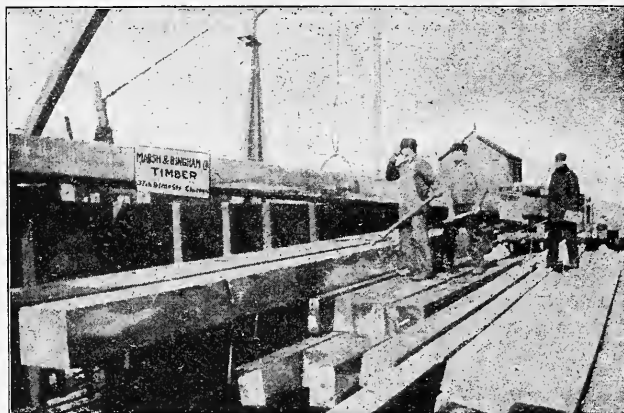

RULE 20. All stalls, pens and exhibition places must be cleaned before 8 A. M. each day, and refuse matter disposed of as the General Manager may direct.

RULE 21. An exhibitor wishing to remove an exhibit for the night must apply to the General Manager; and, if there appears to be good reason for the removal, it may be effected by leaving a suitable deposit and receiving an official pass, the time of leaving and that of returning to be inserted thereon; and, if the exhibit be not duly returned, the deposit will be forfeited to the Exposition.

RULE 22. Exhibitors will not be allowed to deliver animals or articles during the Exposition without special permission (though they may receive and book orders), nor will they be permitted to call attention to their wares in any noisy or disorderly manner, and only such signs and placards may be put up as the General Manager shall approve and allow.

RULE 23. Any false representation, interference or ungentlemanly conduct on the part of an exhibitor will be dealt with by the Executive Committee according to the equities of the case.

RULE 24. All protests must be in writing, and accompanied by a deposit of \$20, which will be forfeited if protest is not sustained. Such protest must state plainly the cause of complaint, or appeal, and must be delivered to the General Manager within six hours after the cause of protest. No complaint or appeal based upon the statement that the judges have overlooked animal or article will be considered by the Executive Committee.

RULE 25. No person having entered anything for competition will be allowed to withdraw or change the entry after the opening day of the Exposition, except as noted in Rule 26, nor may anyone refuse any premiums awarded, and the prize ribbons and commendation cards must be displayed during the Exposition.

RULE 26. Exhibits that have been erroneously entered may, in the discretion of the General Manager, be transferred to their proper classes previous to the judging. If such classes have been judged, they shall not be reopened.

RULE 27. Exhibits having objectionable features may be ordered to vacate their stalls, pens or space. And the Exposition reserves the right to withhold premiums awarded in every case in which it shall appear to the Executive Committee that the regulations have not been complied with, or that fraud or deception has been practiced or attempted.

RULE 28. Persons requiring extra space for exhibits should apply early to the General Manager.

JUDGES.

Judges are earnestly requested to familiarize themselves with all the rules and regulations of this Exposition, and to especially mark those rules bearing on the classes to be adjudicated by them. Ignorance of the rules is inexcusable in a judge.

RULE 29. The single judge system is the policy of this Exposition, and, in every case, the judge is selected with the utmost care, and, as far as possible, will be of national reputation.

RULE 30. The time at which the judges will pass upon the different classes is announced in the catalogue, and will be on bulletin boards conspicuously posted. Any exhibit not presented promptly on schedule time will be ruled out and debarred from competition in the class called.

RULE 31. Judges must not award prizes to any unworthy exhibit. It is the intention of the Exposition that no premium or distinction of any kind shall be given any animal or article that is not deserving. This rule must be strictly adhered to, whether there is competition or not.

RULE 32. Where there are fewer entries in class than number of premiums offered, judges may, in their discretion, award a prize or prizes of such grade as the animal or article deserves.

RULE 33. The General Manager will exclude from competition any exhibit to which the catalogue number is not attached.

RULE 34. Judges shall report to the Division Superintendent any exhibitor or exhibitors who in any way, whether in person or by agents or servants, interfere with them during their adjudication, or show any disrespect to them, whereupon the Division Superintendent shall, at his discretion, demand a proper apology from such exhibitor, or he may exclude such from competition, and the Exposition may withhold from such exhibitors any premiums that have been awarded them.

RULE 35. Protests or complaints against any animals or articles in competition must be made in writing to the General Manager, who will, if the case warrants, debar the animal or article protested from competition. (See also Rule 24.)

RULE 36. All judges' books shall remain with the General Manager or his ring stewards when not in actual use.

RULE 37. Those who wish to explain in regard to their exhibits may do so through the General Manager or his stewards, and must not interfere with the judges.

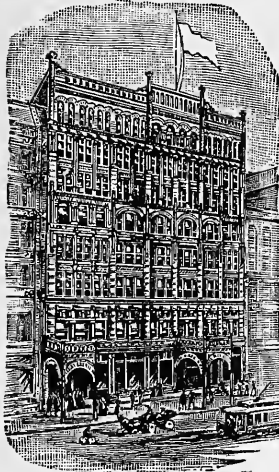

RULE 38. The decision of the judges shall be final in all cases, except where mistake, fraud, misrepresentation or collusion, not discovered at the time of the award, is proven. In such cases the General Manager, or such referee as he may appoint, may make decision, or, with his approval, the case may be appealed to the Executive Committee, from whose decision there can be no appeal.

RULE 39. In every class the judge will, in accord with Rules 31 and 32, select and grade one animal or article for each cash premium in the order of their merit, and in addition thereto he shall select and grade the next best animal or article as a reserve. Animals or articles thus selected will receive an appropriate card, to be known as the "Reserve Ticket." Should any exhibit or exhibitor awarded a cash prize be disqualified, the exhibits or exhibitors gaining the lower prizes shall graduate up into the higher positions next in order above them, and the reserve number shall then graduate into a cash prize.

RULE 40. When, in any class, there shall be more worthy animals or articles than the number of cash premiums offered, in his discretion the judge may officially commend them. Both those "highly commended" and those "commended" to be awarded printed cards to that effect. Every animal or article in a class may be commended, if worthy, but the General Manager will impress upon the judge the importance attached to these commendations. (See Rules 31 and 32.)

PREMIUMS.

RULE 41. Premiums will be designated by ribbons: Blue, first; red, second; white, third; pink, fourth; yellow, fifth; green, sixth. Championships, royal purple. Special ribbon will be given to reserve animals.

RULE 42. Display cards, same color as the ribbons, will be furnished as soon after the close of the Exposition as possible.

RULE 43. (a) Cash premiums are payable by bank check (except, when, at the request of the exhibitor, a cup, diploma or medal is granted in lieu of cash). (b) The Exposition bank check will be drawn by the treasurer upon presentation of transcript of premiums awarded, duly signed by the General Manager and endorsed as "correct" by exhibitor. (c) These checks in payment of premiums are payable "to order," and must be endorsed by those in whose favor they are drawn, and thereupon can be cashed by the treasurer or at any bank where endorser is identified. (d) "Transcripts of premiums awarded," which will constitute an "order" on the treasurer to pay the same, will be issued to exhibitors after 4 P. M. on the closing day of the Exposition. (e) Special premiums will be paid by those offering them, on an order from the General Manager. (f) All orders, cups, diplomas, medals and certificates will be delivered at the general office of the Exposition, or forwarded to the exhibitors, as they may direct, as soon after the close of the Exposition as they can be properly engrossed and engraved. (g) All premiums whatsoever not claimed by exhibitors before January 1 of the following year shall be deemed forfeited to the Exposition or donors.

INTERPRETATION OF RULES.

RULE 44. This Exposition reserves to its Executive Committee the final and absolute right to interpret these rules and regulations, and arbitrarily settle and determine all matters, questions or difference in regard thereto, or otherwise arising out of, or connected with, or incident to, the Exposition.

GENERAL INFORMATION—PRIVILEGES.

Privileges for booths for the sale of refreshments, appropriate useful articles, etc., subject to special contract. Full information thereto furnished on application to the General Manager.

POSTOFFICE.

There will be a postoffice in the Information Bureau, where mail will be received and dispatched daily. All mail addressed in care of the Exposition will be found at this office.

TRANSPORTATION.

Exhibitors can, when shipping, if they so desire, fill out their cars with other cattle, sheep, hogs or horses, to make full loads. Any surplus animals not required by the classification can be sold on the regular market, but such surplus must be culled out by the exhibitor before exhibits are delivered to the Exposition.

Exhibits should be shipped care of International Live Stock Exposition, and shipping bills mailed to the Superintendent of Transportation, International Live Stock Exposition, Union Stock Yards, Chicago, Ill.

If these instructions are carried out, it will insure prompt delivery of all shipments, whether by rail or boat, direct into the Exposition without transfer.

A list of Railroad and Steamboat Companies that will make special passenger and freight rates to the Exposition will be furnished on application to the General Manager.

RAILWAY FREIGHT OFFICE.

The Superintendent of Transportation, at his office, will be prepared to quote lowest tariff rates and to bill freight for shipment (at the close of the Exposition) to any point in the world, a facility every exhibitor will appreciate.

RAILWAY TICKET OFFICE.

Railway and Steamboat lines will have ticket offices and agents in the Exposition, where full information may be obtained as to routes and the necessary tickets obtained at the lowest prices.

VISITORS.

Ladies and gentlemen may be assured of finding in the buildings everything necessary to the convenience and comfort of young and old during the Exposition.

Ample restaurants and lunch rooms, managed by experienced caterers, will serve meals and refreshments during hours of exhibition at reasonable rates.

A barber shop, wash rooms and parcel rooms for the deposit of satchels, cloaks, etc.; and in charge of responsible parties, are conveniently located for the accommodation of the visitors.

The hotels of the city, ample for any occasion, will not exceed their regular rates, and the city authorities will co-operate with the managers of the Exposition in every practicable manner to insure the safety and contribute to the pleasure of the visitors.

There will be a free bureau of information at the main building, where all questions will be cheerfully answered.

BANK.

The National Live Stock Bank will have a representative at the Exposition to care for all legitimate needs of properly identified visitors and exhibitors.

TELEGRAPH OFFICE.

The Western Union and Postal Telegraph Companies will have branch offices at the Exposition for the transaction of telegraphic business over their lines and connections.

TELEPHONE STATIONS.

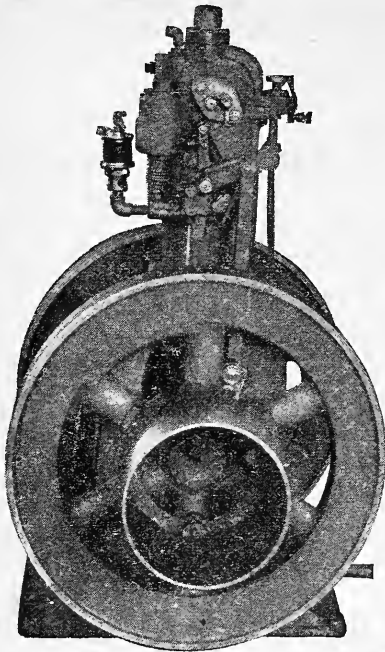

There will be public Telephone Stations at the Exposition, affording unexcelled service.

UNITED STATES CUSTOMS.

Exhibits from Canada, or any other foreign country, will be admitted in bond, with no charge for import duties unless sold in this country.

All exhibits from Canada (or other foreign countries) of any nature whatever shipped, by freight or express, may be consigned to Customs Brokers who will at a reasonable cost, attend to entering the same in bond. Foreign exhibitors are advised that bonds are required on entry of exhibits into the United States, and also on their return (*i. e.*, the United States Customs require both import and export bonds). It will be necessary to bond all horses, cattle, sheep, swine or any other animal, article or commodity.

Parties who accompany their consignment will find the Government Customs officials courteous and accommodating, and by extending to them the same fair treatment consignors will have no very great difficulty in personally supervising the passage of their exhibits through the customs at the frontier. Railway companies also have special customs agents at ports of entry, who cheerfully assist shippers. Consignments may be shipped to the "custom agent" (of the railway transporting exhibit) at the port shipment is destined to enter the United States, which agent will attend to entering the same as shipper's broker. The names of such agent, terms, etc., will be furnished by local railway agents.

Shippers will be required to procure consular invoice of the Consul nearest the point of shipment. Each shipment must be accompanied by duplicate shipping receipt to read :

.....
(Name of Shipper.)

Live Stock Exhibitors desiring to dispose of their exhibits in the United States are advised that the customs law does not allow entries to be made for breeding purposes unless accompanied by duly authenticated consular invoice; certificates of identification, signed and sworn to by the importer, the certified pedigree of the animal, and certificate of registry of the same in the book of record recognized for that breed; and not then, unless it is clearly proved that the special purpose for which they are being imported is for breeding. (This will apply to all animals above named.)

The following is an extract taken from Circular No. 10, Division of Customs, United States Treasury Department, under date of Washington, D. C., January 22, 1892 :

"It having been ascertained that registers have been established for the sole object of making cross-bred and mongrel animals eligible for free entry into the United States, and as paragraph 482 of the Act of October 1, 1890, provides that no animal shall be admitted free unless pure bred of a recognized breed, the object of the law being, in the opinion of this Department, and the Department of Agriculture, to exclude from free entry animals not absolutely and strictly pure bred, it is hereby directed that on and after April 1, 1892, no animal which is brought into the United States from foreign countries for breeding purposes shall be admitted free of duty, unless the importer furnishes a certificate which shall contain a pedigree in the form hereafter given, showing that all the ancestors have been recorded in a book of record established for that breed, for five generations on the side of the sire and four on the side of the dam, together with the affidavit of the owner, agent or importer that such animal is the identical animal described in said certificate of record and pedigree.

"Unless such certificate of pedigree is produced, therefore, the animal shall be considered dutiable, as not being pure bred of a recognized breed and duly registered in the book of record established for that breed.

"In case such certificates are not at hand at the time of the arrival of the animals, and other evidence is produced, satisfactory to the Collector, showing that the animals are entitled to free entry, the Collector may so admit them, taking a bond in double the value of the animals for the production of the proper certificates.

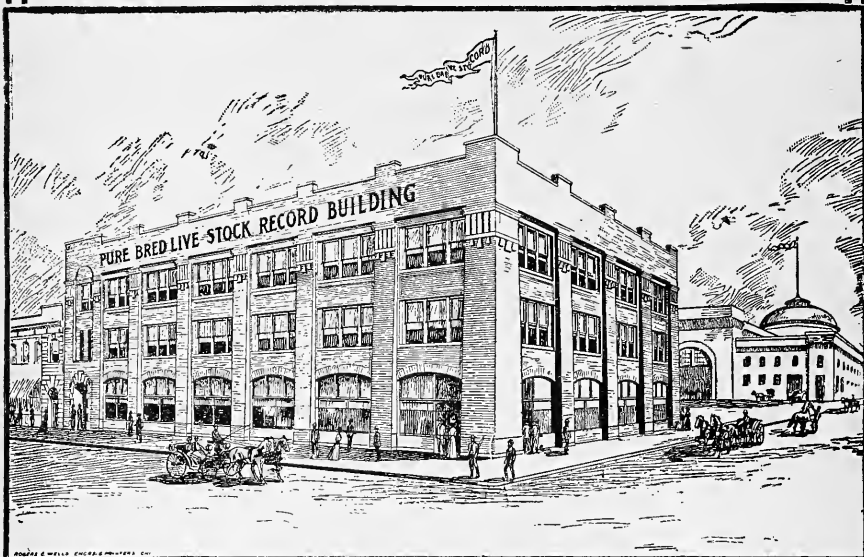

"The law requires that all cattle, hogs and sheep imported into the United States shall be carefully inspected by the Veterinary Inspector of the Bureau of Animal Husbandry; and animals found to be free from disease and not to have been exposed to contagious disease, will be admitted into the United States on complying with the other customs regulations."

Any further information that is required will be furnished by Customs Broker.

All charges for customs and brokerage must be borne by the exhibitor.

for competition, except where otherwise specified, must be owned by exhibitor at the time of making entry and registry certificate of ownership or transfer must be produced if required showing the exhibitor to be the owner.

RULE 48. Firms and co-partnerships entering animals for competition must be in existence at the time of making entry, and in all cases must be bona fide, and affidavit of the age of the firms may be required by the management. Where there is one exhibitor in the cattle, sheep and swine divisions, one prize may be awarded, where two 2 prizes may be awarded, and where there are three or more full classification as shown may be awarded.

RULE 49. An animal can compete in more than one class, and for any and every purse in sweepstake groups or specials to which they are eligible under the classification. The rules are so arranged as to enable every exhibitor to easily determine to which classes his exhibits are eligible.

RULE 50. No animal will be awarded a prize unless removed from its stall or pen and exhibited with catalogue number attached before the judge in the show ring. Animals not exhibited when called out by the ring steward, unless specially excused by him, will be charged \$2 per day for use of stalls or pens, and all fees paid will be forfeited.

RULE 51. No animal that has a catalogue number shall be taken from its stall or pen without the numbered tag attached to correspond with the catalogue.

RULE 52. The General Manager will appoint veterinary surgeons and such other assistants as may be necessary. The veterinary surgeon shall cause all animals to be examined before their admission to the grounds, as a safeguard against infectious or contagious diseases, and shall make inspection of the grounds, stables, stalls and pens, and make report in writing to the General Manager of the condition in which said grounds, stables, stalls and pens are kept. In case of sickness of any animal the same shall be removed, when ordered by the General Manager, to a separate inclosure, where the exhibitor may either direct the treatment of the animal himself, or employ a veterinary surgeon appointed for that purpose, for whose services and other necessary expenses incurred a reasonable charge will be made by the Exposition. The right is reserved to the General Manager to order the peremptory removal from the grounds of any animal to which this rule applies.

RULE 53. The Superintendent of Forage will have feed for all live stock at reasonable prices. Exhibitors will be allowed to bring only such feed as will be specified in general letter from the office of the General Manager.

RULE 54. A reasonable amount of straw and shavings will be furnished exhibitors at market prices.

RULE 55. Exhibitors are required to see that their attendants are neatly dressed when they take their stock into the show ring.

RULE 56. Exhibitors of live stock are requested to decorate their quarters as tastily as possible, and must keep that part of the building occupied by them neat and attractive in appearance. This will not only be to the general advantage of the Exposition, but will prove a strong factor in impressing each individual exhibit upon the minds of the visitors and buyers. Rye straw and bunting for decorating stalls will be supplied at cost.

RULE 57. Exhibitors will be allowed to display prize ribbons, medals, certificates of award, etc., at their own quarters during the entire Exposition, subject to the approval of the General Manager.

RULE 58. The time at which the judges will pass upon the different classes will be announced on the bulletin board.

RULE 59. Animals must be shown in such a manner as the judge may require or allow, and if the exhibitors refuse to submit to the proper requirements of the judges their animals will be ruled out.

RULE 60. Exhibitors are required to uncover their animals that they may properly be seen by visitors at such hours and for such time as the General Manager may direct. (See also Rule 7.)

RULE 61. Animals to compose a competitive group need not be named in application for entry, but must be selected by exhibitor before entering the judges' ring.

The Exposition expects, however, that the names be given in the application, so that such groups may be intelligently catalogued.

RULE 62. The primary object of this Exposition is to encourage the breeding and feeding of improved breeds of live stock for well-defined, practical purposes. Regard will be had to symmetry, size, form, action, constitution, vigor and general characteristics of the various breeds, with reasonable allowances for age, but due regard will also be paid to heads, and that graceful carriage, style and general refinement that denotes breed, character—points, which, while not weighing on the "scale" add value to animals when being sold for breeding purposes. And in groups, encouragement will be given to uniformity of breed type.

RULE 63. The Exposition debar and will to the utmost of its power discourage and prohibit the exhibition of barren animals in the breeding classes.

RULE 64. The Exposition reserves the right to discriminate against both excessive obesity, which cannot be a profitable condition for breeding animals, and excessive leanness, in which condition animals are unfit for exhibition.

RULE 65. For the purpose of determining the age of cattle shown in this exhibition, the official plates of mouths, which will be shown in final catalogue, will be considered as normal mouths. Where the mouths of animals exhibited in the cattle divisions, do not conform to these plates, satisfactory evidence of the age of the animal must be produced by the exhibitor, and in case of protest in the breeding cattle division the same rule shall apply.

RULE 66. A great educational feature of this Exposition is its evening shows and parades of improved live stock by breeds and ages. Notice of time and place of parades will be announced by bulletins of stewards. Any exhibitor failing to promptly show or parade animals selected by the Directors or Stewards in charge of such exhibitions shall be fined by the Executive Committee. All or any portion of any prizes awarded such exhibitor may be forfeited to the Exposition as such fine.

The Following Rules will be Effective in 1906.

Car Loads of Live Stock must have been the property or have been fed by the exhibitor thirty days prior to the opening date of the show.

The first class in each pure bred steer division, also same class in grade 2 cross bred steers will read for next year's show "Steer or Heifer calved after January 1st, 1904."

CATTLE DEPARTMENT.

BREEDING CATTLE DIVISION.

RULES.

RULE 67. Stall fees : \$3.00 for each animal when occupying single stall ; \$5.00 when occupying box stall, which must in all cases accompany the application for entry.

RULE 68. The dates for computing ages of breeding cattle are fixed as September 1st for Senior classes, and January 1st for Junior classes.

RULE 69. A bull over one year old without ring in his nose may be excluded from the Exposition, in the discretion of the General Manager.

RULE 70. Accompanying each entry of cows three years old or over in any of the breeding classes, an affidavit is required at time entry is made giving date of birth of her last calf and the time she is due to calve again. Such cows must have produced a living calf since September 1st of the year previous or show satisfactory evidence of being in calf. Where objection is made (and sustained by the Executive Committee) as to a cow's eligibility under this rule, any premium awarded to such cow shall be withheld until said cow shall have produced, on or before March 1st, following the Exposition, a calf.

RULE 71. Any bull over thirty-six months old entered in any of the breeding cattle classes, that has not had dropped to his services a living calf during the eight months preceding the opening day of the Exposition, shall be deemed barren, and as such shall be excluded from the competition. Certificates from the exhibitor, properly attested, will be required by the General Manager.

RULE 72. Judges are instructed to award prizes for breeding cattle in the different classes in the order in which they, as buyers for a valuable consideration and without any warranty of usefulness, would make selection therefrom for breeding purposes ; due consideration being given, on the one hand, to the accepted maxim of breeding, that "like produces like," and on the other hand to the doubtful utility for breeding purposes of over-fat animals, not considering color or pedigree.

RULE 73. Judges are instructed to discriminate against animals upon which a surgical operation has been performed for the purpose of improving its "show" appearance, such as severing of a "tie" in the back, at the rump, or elsewhere.

RULE 74. In plain cases where these rules are violated, when brought to his attention, the General Manager will investigate carefully, and shall, in his discretion, disqualify animals or exhibitors, or both. In such plain cases the initiatory in bringing punishment on the offenders shall be the duty of the officers of the Exposition.

RULE 75. In doubtful cases, where insufficient proof of violation of these rules is evident to the General Manager, so that he shall deem himself unwarranted in taking the initiatory steps, then complaints against animals or exhibitors believed or supposed to be evading the rules, come under the jurisdiction of, and must comply with, Rule 24.

RULE 76. In cases pertaining to animals being ineligible to competition under these rules, that shall come before the Executive Committee for final disposal, in which complaints shall have been established before and by the Executive Committee, then the Executive Committee may impose penalties in accordance with Rules 23, 27, 38, etc. All fees paid, or premiums that may have been awarded, shall be forfeited to the Exposition, and the Executive Committee may impose such additional penalty as, in their judgment, the case deserves.

TO STOCK MEN!

You have your telephone service, also your rural delivery, complete your happiness by putting a

GURNEY HOT WATER HEATER IN YOUR HOME.

It Works while You Sleep

You require no water works system to operate it, a small ten gallon tank refilled every thirty days will do the business. Call on your nearest town steam-fitter or plumber, and ask him to give you a price on heating your house with a Gurney Heater. Remember we guarantee every heater we sell and if it is not satisfactory we will take it back.

So that you will feel confident we mean business, we wish to refer you to parties you know of who have Gurney Heaters in their residences in Chicago: Mr. A. Leonard, General Man-

ager of the Union Stock Yards & Transit Co. and one of the directors of the Live Stock Show; Ed. Tilden, President of Libby McNeil & Libby, also President of the National Packing Co; Herbert Swift, of Swift & Co; Edw. Morris, President of Nelson Morris & Co; C. Robbins, former President of the Omaha Packing Co; Chas. Robinson of Clay Robinson Commission Co; Sam McLean, former President of the National Packing Co; Chas. Cone, Purchasing Agent of Nelson. Morris & Co; P. Larmon, Purchasing Agent of Libby McNeil & Libby.

We furnish these names as you will be familiar with them owing to your being in touch with the stock yards and packing house business. We would be glad to have you refer to any of these parties as to our standing and as to the merits of the Gurney Boiler. Live like city folks during the cold weather by putting in a Gurney.

Remember there are more Gurney Boilers in use today than all the other boilers put together. Also dealers Plumbers, Steamfitters and Engineers Supplies. Write us for catalogue.

FAT CATTLE DIVISION.

RULES.

The date for computing the age of fat cattle is September 1.

RULE 77. Judges are instructed to prefer the highest degree of excellence obtainable, considering form, finish, quantity and quality of flesh and fat, also age and weight; to recognize the very highest quality of prime edible meat, and to object to the production of superfluous tallow; qualities that are indicated to the touch, to the end that animals that win prizes on foot shall ultimately be proven first quality of beef.

RULE 78. All compulsory slaughter tests are abolished, but in order to encourage the exhibition of animals fitted to win both on foot and on the block, prizes awarded any animal that wins in both classes will be doubled by the Exposition Association.

RULE 79. Exhibitors will be required to furnish a statement of the feeds and methods of feeding employed by them in the production of their exhibits. Such statements shall be used for publication in newspapers and in the Exposition's Annual Report—or otherwise, as may in the discretion of the management be deemed best to promote the education of those interested. Blank forms of these statements will be supplied by the General Manager.

CARLOAD CATTLE DIVISION

(FED AND GRASS CATTLE)

RULE 86. In the following sections for carloads, the term "feeder" is hereby defined to be exclusively grass and hay-fed cattle. Cattle that have been fed grain of any sort, cotton seed, oil cake, gluten meal or any like concentrated food, are hereby defined and classed "grain-fed," and such must be entered in the "grain-fed" class.

RULE 87. Car lots of feeder cattle competing in the following sections where they are required to have been bred within certain districts must have been bred and not removed from the district in which they were bred more than 30 days prior to the date of the Exposition, and entered into the section under the rule of one of the districts defined, to be eligible to compete in that section. The General manager will require indisputable evidence that this rule is obeyed. The evidence of the various association inspectors at the Union Stock yards will be accepted as final in cases of branded cattle.

RULE 88. Cattle competing as "grain-fed" in the following sections may have been fattened in any part of the world. No restrictions are placed on the places, feeds or methods of the feeder who finished the "grain-fed" cattle for the Exposition and the market.

NORTHWEST DISTRICT

RULE 89. Animals to compete in following Classes must have been bred in the Northwest District, which is composed of the following states: Washington, Oregon, California, (north of the quarantine), Idaho, Nevada and Utah, and the Territories and Provinces of Northwest Canada. Bill of sale or other satisfactory evidence that competing animals were bred in this district will be required by the management.

WHEN YOU WANT A

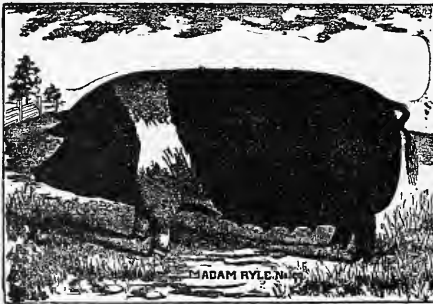

PONY

Either a child's pony ready to use, brood mare or a stallion, write me your wants. I have unquestionably the best herd in America. Five times as many winners as contained in any other herd. I breed Shetland, Hackney and Welsh ponies,

CHAS. E. BUNN,

PEORIA, ILL.

Prairie State Herd Hampshire or Thin Rind Hogs,

300 head of registered Hampshire hogs. All the families that are eligible to registry are represented. Herd is headed by General Munson No. 500, the champion boar of the Illinois State Fair this year and the Sire of The Champion Sow at Illinois Fair.

This herd won 12 ribbons at the World's Fair at St. Louis; won on every entry save one at the International Live Stock 1904, and won (specials and all) 58 ribbons at the Illinois State Fair this year, as follows:—26 firsts, 22 seconds, 6 thirds and 4 Champions.

These hogs are very prolific families (Gilts often farrowing and raising 9 to 11 pigs), they are uniformly good mothers and bear more "litters" than sows of other breeds. As Grazers they stand without a rival.

FOR SALE: 100 Gilts sired by Gen. Munson No. 500; 55 young Boars ready for service, by Gen. Munson No. 500; 100 head of Boars and Gilts, sired by Gold Medal No. 587, a first prize winner at Worlds Fair at St. Louis, and a second only after Gen. Munson at Illinois this year. Don't fail to see my hogs at the International this year, I have a fine exhibit and will take pleasure in showing you their features of merit. My stock all breeds, and my prices are reasonable. Correspondence solicited. Address

INTERNATIONAL LIVE STOCK JUDGING CONTEST.

Recognizing the importance of interesting young men in the study and improvement of the various breeds of domesticated animals, the management of the International Live Stock Exposition will make the stock judging contest an important feature of their exposition programme. To young men (farmers' sons under 25 years of age and Agricultural College students) who do the most proficient work in judging the various classes of live stock assigned for the purpose and giving best reasons substantiating their judgment, the following prizes are offered:

The Union Stock Yard & Transit Company will award a beautiful trophy to the Agricultural College whose five students do the most efficient work in judging horses, and another for judging cattle, hogs, and sheep assigned for the purpose, and giving reasons substantiating their judgment under the following rules:

RULES AND REGULATIONS.

(1) RULES GOVERNING ELIGIBILITY OF CONTESTANTS.

1. Any farmer's son under twenty-five years of age, who has never attended any Agricultural College may enter.
2. Any Agricultural College student who has never taken part in any previous judging contest of interstate or international nature and has taken at least twelve weeks' under-graduate work during the current year in the college that he represents, and who has at no time served in the capacity of an Animal Husbandry teacher, in any Agricultural College, may enter.

(2) SUPERINTENDENTS.

1. It shall be the duty of the superintendent to see that all rules and regulations governing the contest are duly carried out. He shall see that the contest is conducted with fairness and justice to all concerned.
2. He shall have a chief clerk and helpers to assist in superintending the different classes of stock, etc.
3. He shall direct the contestants as to which class to judge, time to commence work, and time to stop.
4. He shall say nothing to a contestant as to the method for the contestant to follow, either in judging the class, writing the reasons, or giving of reasons before the committee.

5. The superintendent shall have nothing to do with placing the animals in the various classes, or with the grading of the placing, or the reasons.

6. He shall have charge of all the grades given for both placing and reasons and it shall be his duty to have these tabulated and totaled, and he shall deliver the result of the contest to the General Manager of the International Live Stock Exposition, who shall publish the result.

(3) CLERK, ASSISTANTS AND ATTENDANTS.

The clerk, assistants and attendants shall be at the command of the superintendent and shall carry out his orders, and none of these assistants shall confer with the contestants unless so directed by the superintendent.

The attendants holding the stock, shall hold the animals in a careful manner, so that all contestants may have a fair chance to make observations on the same.

(4) JUDGES.

1. There shall be three judges for each class of stock judged. It is preferable that two of each set be stockmen (breeders or feeders of the class to be passed upon), and the third an Animal Husbandry instructor.

2. It shall be the duty of each committee of judges to look over the class of stock and each to decide as to the order in which the class shall be placed and to decide on the essential reasons for placing the first above the second, the second above the third, and the third above the fourth. The judges shall keep their ratings of the animals secret until after the contestants have been before the committee.

3. When the contestant appears before the committee, the clerk shall present the contestant's card bearing his rating of the animals and each judge shall make a note of the same and grade it as his judgment dictates and record his grade for placing on a card bearing the contestant's number. Fifty points shall constitute a perfect mark for placing. The contestant shall have three minutes in which to give his reasons for placing the animals, and it shall be the duty of the committee to hear those reasons and independently to grade for the same and record his grade for reasons on the card mentioned above. Fifty points shall constitute a perfect mark for reasons.

4. As soon as the judges have recorded their grades, the clerk shall collect the three cards. The three grades on placing shall be averaged and the average shall stand as the contestant's grade for placing that class.

5. The grade for reasons shall be arrived at in the same manner.

(5) CONTESTANTS.

1. All prospective contestants must send in their entries to W. E. Skinner, General Manager of the International Exposition by December 1st, 1905.

2. Regular entry forms will be mailed all prospective contestants who desire the same by November 15th, 1905.

3. An entry fee of \$2.00 will be charged each contestant and must be forwarded with entry application, this money to be used in defraying the expenses of the contest.

4. Each college will be restricted to entering five (5) men to contest for each trophy, which number shall constitute a team.

5. Each contestant shall report to the superintendent in the Amphitheatre at 8 A. M., Saturday, December 16th, 1905, when he will be assigned a number and such instructions as the superintendent desires to give.

6. No contestant shall wear any uniform, college colors, college hat, nor shall he in any way signify to the judges his identity or the identity of the college which he represents.

7. While the contest is in progress there shall be no conferring between contestants or between a contestant and any one else, except as directed by the superintendent or his representative. Any violation of this rule will be punished by the expulsion of the offender.

8. The contestants shall be divided by the superintendent into three groups, A, B, and C, and shall be so designated thereafter throughout the contest. In no group shall there be more than two contestants from one college.

9. When the three classes of cattle are brought in, they shall be placed at least forty feet apart and forty feet from the outside fence. Group A contestants shall be assigned to one class, B to a second class, and C to a third class of animals. All groups shall be notified three minutes before time is up, and when final time is called group A shall move the second class, B to the third, and C to the first; and when time is called for the last class, A moves to third, B to first and C to second.

10. The contestant shall hand his card, bearing his number, class of animals, and placing to the supervising clerk immediately after he finishes each class.

11. When the judges have passed upon the rings, the cattle shall then be taken from the arena and group "A" shall be taken to one part of the arena, when each contestant shall be called before the committee of judges, whose duty it is to pass upon the first class of cattle, B before the second committee, and C before the third. When the three groups shall have finished giving reasons for the first class placed, they shall change in the same order as followed in the judging.

(6) TIME.

1. In each of the cattle, sheep, and swine classes, fifteen minutes

shall be allowed the contestant to make his observations, write down his placing and make such notes as he wishes to assist him in remembering the class when he goes before the judges; but no contestant shall be allowed to hold any paper or card, or device that will assist him while he is giving his reasons before the judges.

In the horse classes, twenty minutes shall be allowed to admit of time to move the animals. Horses shall be moved during first five minutes of time at both walk and trot.

Each contestant shall appear singly before the judges and be allowed three minutes to give reasons for placing of each ring of animals. The contestant shall write his placing on card, to be handed to the clerk, as soon as he has finished the work of placing the class.

FORM OF CARD.

Contestant's number

Class

Placing

.....First;Second;Third;Fourth.

Card shall be four inches by two and one-half inches.

(7) CLASSES AND METHOD OF NUMBERING.

1. Four animals shall constitute a class.

2. The horses, cattle, and sheep shall be numbered by placing a card on the holder of the animal. These cards shall be numbered 1, 2, 3, 4, or lettered A, B, C, D, as the larger numbers would give the student too much to do in remembering them and take too much time to see them.

The pigs shall be numbered by sticking large gummed labels bearing the number, on both the shoulder and the rump.

3. All newspaper men, officials, and others, except the superintendent, his assistants, the judges, policemen, and holders of stock, shall be excluded from the ring while the contest is in progress.

The following program shall be followed, beginning Saturday, December 16th, 1905, at 8:00 A. M.:

8:00—Superintendents give instructions to contestants.

8:15—Three classes of cattle.

9-11—Judges hear reasons on placing beef cattle.

11-12—Three classes of horses.

12-2—Contestants give reasons for placing horses.

2-2:30—Lunch.

2:30-3:15—Three classes of sheep.

3:15-5:15—Contestants give reasons for placing sheep.

5:15-6—Three classes of hogs, one of which shall be a bacon class.

6-8—Contestants give reasons for placing hogs.

INTERNATIONAL CORN JUDGING CONTEST

FOR THE BEAUTIFUL TROPHY VALUED AT \$1,500.00. PRESENTED
BY MR. A. E. COOK, ODEBOLT, IOWA.

TO BE WON THREE TIMES BEFORE PERMANENT OWNERSHIP CAN BE OBTAINED.

RULES.

1st. This contest will begin on the morning of December 16th at eight o'clock sharp.

2d. Each sample or class shall consist of ten ears of corn.

3d. The samples shall be ten in number, and of the following varieties, namely:

- 2 samples Leaming,
- 2 samples Reid's Yellow Dent,
- 2 samples Boone County White,
- 2 samples Silver Mine,
- 2 samples Golden Eagle or Gold Mine.

4th. Fifteen minutes shall be given each student for the placing of each sample.

5th. Each student shall give orally his reasons, substantiating his placing, these reasons to be given only in the presence of the judge who placed the sample of corn.

6th. The student shall place the five best ears in each sample, according to their excellence, the object being to select those ears which will be most profitable for the breeder or the grower, if he were to engage in the business for the next ten years.

7th. The student shall be marked or graded chiefly on his placing of the first three ears, the mentioning of the fourth and fifth shall be for the purpose of assisting the judges in their markings where competition is close.

8th. The student shall be given three minutes within which to make his oral report on each sample, having the sample before him at the time.

9th. The placing of the samples shall be completed before the oral report by the contestants to the judges is made.

10th. At the time of making the report, the judge shall have the five samples of corn before him, which he passed upon.

11th. Six planks, fourteen inches wide and ten feet long, placed six feet apart and forty inches from the floor, shall be used and two

ten-ear samples shall be placed on each plank. The ears shall be numbered from one to ten, by attaching a small label to each ear, by means of a rubber band. The label shall have the number of the ear printed on both sides; four kernels of corn shall be taken from the center of each ear and placed opposite the ear from which they were taken.

12th. The student shall be given a card upon which to report his placings to the judges, which shall be taken up at the close of each period before the student begins work on the next sample.

13th. No changes in placing can be made after the report is handed in.

14th. The ten samples of corn used, shall be divided to suit the judges and each judge shall pass upon one-half of the samples offered.

15th. The superintendent shall secure the samples to be judged from prominent corn breeders, but no two samples of the same variety of corn used in this contest shall be grown by the same breeder.

16th. This corn shall be judged or placed by the judges on the Friday preceding the date of the contest.

17th. The scale of markings shall be sixty points for placing and forty points for reasons.

TO VISITING STOCKMEN

One of the great
points of interest
in Chicago's com-
mercial world is

THE HUB

THE GREATEST EXCLUSIVE
CLOTHING HOUSE IN THE WORLD

MANY of you are acquainted with it, some of you are not and ought to be. It handles only the best clothing produced in America and is commonly regarded as the one great store where quality and quantity go hand in hand. It is the old reliable friend to these of the male persuasion and occupying as it does the entire block between Jackson and Quincy on State Street it is a sight well worth seeing. The styles for Winter are awaiting you.

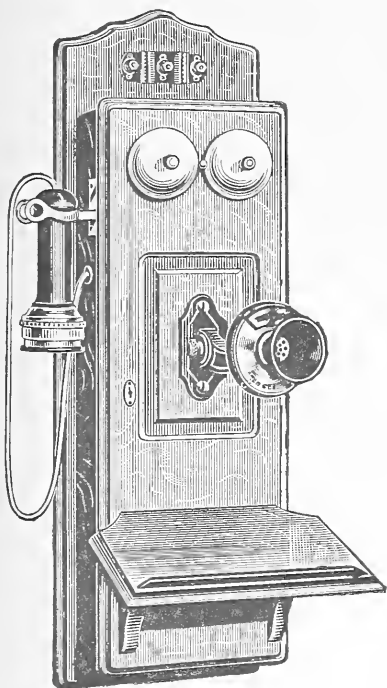

EVERY FARMER NEEDS A GOOD TELEPHONE

A telephone on the farm is a "saver" in a great many ways. It increases the working force by decreasing the necessity for so many trips to town and to the neighbors. It adds security by providing means for quick communication in time of misfortune and distress. There is no question as to the telephone being a paying investment for the farmer.

The only question is, which telephone is the best for the farmer to buy?

**IT'S CHEAPER TO
TALK THAN WALK**

Stromberg-Carlson Telephones

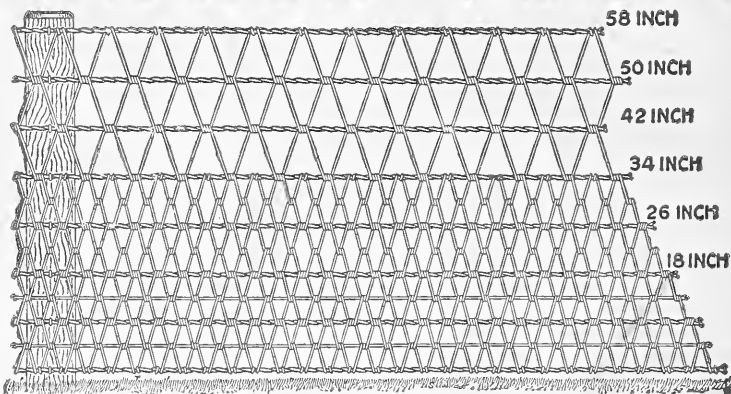

are built better than the ordinary telephone, so that they are especially adapted to the farmer's use. Every piece and part that goes to make up a complete telephone are made by skilled specialists in our own plant—the largest independent telephone factory in the world—made with minute care and thoroughly tested before leaving our hands; that's why they give the best service; that's why there are more of them in use than of all others combined; that's why it is the telephone to buy. Many other good reasons are contained in our new book, "How the Telephone Helps the Farmer," which will interest you if you are going to buy one or a hundred telephones. Write today—ask for book No. 123—we send it free.

This Illustration

represents a fine broadcloth novelty coat, one of the hundreds that we show, each of a distinctly different design and of so many decided types that the collection as a whole ranks as one of the most comprehensive of its kind.

Our store is exclusively a women's store, where everything pertaining to women's apparel can be obtained, and making the special study of this line of merchandise that we do, places us in a position to constantly bring forth new style innovations.

If it's new you will
be sure to find it at

The "Pilot" Gaslight Maker

For Country Homes, Hotels, Stores.

Charge it about once a month.

Takes about an hour to do it.

Makes brilliant *White*, Eye-saving Gaslight, which costs a *third less* than Kerosene Light.

No more Lamp-Cleaning, Wick-Trimming, Chimney - Wiping, nor Kerosene Filling.

The Pilot Generator is a Self-Stoker.

Feeds the exact quantity of Carbide needed for the Light required, by Clock-work.

Can't *overfeed* to waste Gas.

Can't *underfeed* to cause poor Light.

Can't "get out of order" because it is so simple and positive in construction.

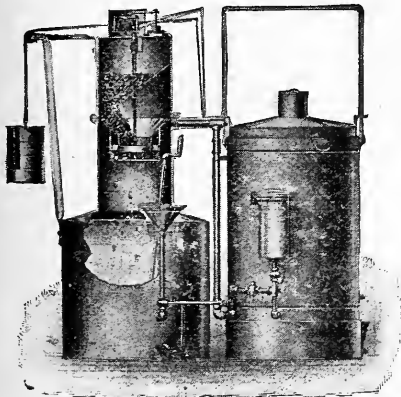

Can't *cause trouble* because you *can't* make it feed Carbide faster than the Gas from it is consumed at the Burners.

Cost low enough to make it *economical* for an eight-room House, a 200-room Hotel, or Country Store of any size.

Can be installed, without inconvenience, with all Piping, Chandeliers, Brackets, Burners and Globes in two days' work.

Tell us how *many* rooms you've got, or size of your Store to Light and we will quote you interesting price.

For immediate reply, address "The Pilot Generator," 160 Michigan Ave., Chicago.

GENERAL RULES AND REGULATIONS.

Exhibitors are requested to familiarize themselves with all the Rules of this Exposition in Classes and Departments applicable to their exhibits.

IMPORTANT RULE.

Any protest as to eligibility on account of age of animals entered in the fat classes of the Exposition must be filed with the General Manager prior to the day on which they are to be judged. Information concerning the class that any animal or carload is entered in, can be had at the office of the Exposition. Specifications showing ages of cattle by dentition is given hereunder for benefit of exhibitors.

Specifications showing teeth of cattle at ages described, which is adopted as a basis for determining ages of cattle.

Twelve months—An animal of this age shall have all of its milk (calf) incisor teeth in place.

Fifteen months—At this age center pair of incisor milk teeth may be replaced by center pair of permanent incisors (pinchers), the latter teeth being through the gums but not yet in wear.

Eighteen months—The middle pair of permanent incisors at this age should be fully up and in wear, but next pair (first intermediate) not yet cut through gums.

Twenty-four months—The mouth at this age will show two middle permanent (broad) incisors fully up and in wear, and next pair (first intermediate) well up but not in wear.

Thirty months—The mouth at this age may show six broad permanent incisors, the middle and first intermediate pairs fully up and in wear, and the next pair (second intermediate) well up but not in wear.

Thirty-six months—Three pairs of broad teeth should be fully up and in wear, and the corner milk teeth may be shed or shedding with the corner permanent teeth just appearing through gums.

INTERNATIONAL LIVE STOCK EXPOSITION.

RULE 1. An exhibitor who violates any of the following rules will forfeit all privileges and premiums and be subject to such penalty as the Executive Committee may order.

RULE 2. All exhibits will be under the control and direction of the General Manager, but the Exposition will in no case be responsible for any loss or damage that may occur. Each exhibitor will be solely responsible for any consequential or other loss, injury or damage done to, or occasioned by, or arising from, any animal or article exhibited by him, and for its description as given in the catalogue, and shall indemnify the Exposition against all legal or other proceedings in regard thereto.

RULE 3. The building will be in readiness for the reception of exhibits any time during the week preceding the Exposition.

RULE 4. The General Manager will have the entire control and management of the grounds and buildings, and the general supervision of all stock and articles exhibited.

RULE 5. All officers and employes are required to wear badges during the Exposition and no person other than those holding animals being exhibited will be allowed in the show ring during the time of judging, except the Superintendent of the Division, the Judge and officially accredited reporters. This rule will be rigidly enforced.

RULE 6. No peddling, hawking or selling of any kind will be allowed, and the distribution of handbills or other advertising is strictly prohibited in the buildings, on the grounds, or on the streets leading to the grounds, except by a special license obtained from the General Manager of the Exposition.

RULE 7. Exhibitors are prohibited from using blankets or covers on their stock bearing any description of advertising except the name of the animal or owner. This rule will be rigidly enforced between the hours of 7 A. M and 11 P. M. each day of the Exposition.

RULE 8. The Exposition reserves the right to amend or add to these rules as the Executive Committee in their judgment may determine.

ENTRIES.

RULE 9. The fees for space wherever charged must in all cases accompany the application for entry.

RULE 10. ALL APPLICATIONS for entries MUST BE made on printed forms, which may be obtained free by addressing the General Manager. These forms are to be filled up and signed by the exhibitor, and FILED in the office of the General Manager of the Exposition, on or before November 1. This applies to all entries except carloads, which are entered on arrival.

RULE 11. Articles of approved character may be entered "for exhibition only" on payment of such fees as the Executive Committee may determine.

CATALOGUE.

RULE 12. The annual catalogue will be issued as a souvenir, and exhibitors will see the importance of having their exhibits properly catalogued, inasmuch as they will be included without cost to the exhibitor, if entered in accordance with the rules. (See Rules 2, 13, 14, 15.)

ADVERTISING RATES MADE KNOWN ON APPLICATION TO THE GENERAL MANAGER.

RULE 13. All entries will be inserted in the annual catalogue, and each exhibitor on his arrival at the Exposition will receive, on application at the General Manager's office, tags with duplicate numbers to correspond with the catalogue number, which shall be fastened in the most conspicuous part of the stalls, pens or place where exhibit is shown.

RULE 14. If it is desired, the exhibitor may state in the entry the price for which he will sell his animal or article. This price shall be inserted in the catalogue, but all sales will be between the owner, or his representative, and the purchaser. The Exposition will not interfere or assume any responsibility.

RULE 15. No animal or article shall be considered by Awarding Committee that has not its proper tag prominently attached to it during competition. Tag will show age and official weight of competing animals.

EXHIBITORS.

All exhibits can be unloaded from the cars on the Exposition grounds. Merchandise or live stock shipped from any part of the world is run direct to the Exposition without transfer. Consign all carload exhibits in care of International Live Stock Exposition, Union Stock Yards, Chicago, Ill., and for the pure-bred and sale division consign to International Live Stock Exposition, Express Horse Chutes, Union Stock Yards, Chicago, Ill.

RULE 16. After having properly entered their exhibits, exhibitors must themselves see to their delivery to the Steward of the appropriate department, so that they may be in their places properly ticketed and ready for competition by 9 A. M. Monday of the Exposition. They are likewise required to attend to their articles or animals while on exhibition, and answer such questions as the judges may deem essential to a correct estimate of their relative value.

RULE 17. Storerooms will be provided for packing boxes, etc. All packing and shipping material not deposited in storeroom will be destroyed by the General Manager.

RULE 18. All articles and animals for exhibition, except car lots of fat stock (see Special Rule), must be in their places, with all rubbish and waste cleared away, at 10 A. M. of the opening day of the Exposition, and entered in the name of the real owner, to remain on the grounds to the close of the Exposition. Any violation of this rule will cause a forfeiture of all premiums earned by the exhibitors.

RULE 19. In all cases, the right is reserved to reject entirely, or accept conditionally, any entry or application.

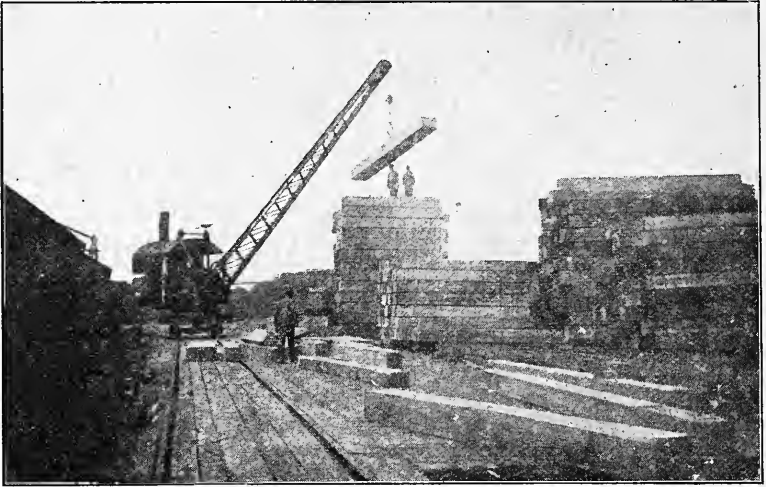

RULE 20. All stalls, pens and exhibition places must be cleaned before 8 A. M. each day, and refuse matter disposed of as the General Manager may direct.

RULE 21. An exhibitor wishing to remove an exhibit for the night must apply to the General Manager; and, if there appears to be good reason for the removal, it may be effected by leaving a suitable deposit and receiving an official pass, the time of leaving and that of returning to be inserted thereon; and, if the exhibit be not duly returned, the deposit will be forfeited to the Exposition.

RULE 22. Exhibitors will not be allowed to deliver animals or articles during the Exposition without special permission (though they may receive and book orders), nor will they be permitted to call attention to their wares in any noisy or disorderly manner, and only such signs and placards may be put up as the General Manager shall approve and allow.

RULE 23. Any false representation, interference or ungentlemanly conduct on the part of an exhibitor will be dealt with by the Executive Committee according to the equities of the case.

RULE 24. All protests must be in writing, and accompanied by a deposit of \$20, which will be forfeited if protest is not sustained. Such protest must state plainly the cause of complaint, or appeal, and must be delivered to the General Manager within six hours after the cause of protest. No complaint or appeal based upon the statement that the judges have overlooked animal or article will be considered by the Executive Committee.

RULE 25. No person having entered anything for competition will be allowed to make substitution of animals or otherwise change the entry after ten days prior to the opening day of the Exposition, except as noted in Rule 26, nor may an one refuse any premiums awarded, and the prize ribbons and commendation cards must be displayed during the Exposition.

RULE 26. Exhibits that have been erroneously entered may, in the discretion of the General Manager, be transferred to their proper classes previous to the judging. If such classes have been judged, they shall not be reopened.

RULE 27. Exhibits having objectionable features may be ordered to vacate their stalls, pens or space. And the Exposition reserves the right to withhold premiums awarded in every case in which it shall appear to the Executive Committee that the regulations have not been complied with, or that fraud or deception has been practiced or attempted.

RULE 28. Persons requiring extra space for exhibits should apply early to the General Manager.

JUDGES.

Judges are earnestly requested to familiarize themselves with all the rules and regulations of this Exposition, and to especially mark those rules bearing on the classes to be adjudicated by them. Ignorance of the rules is inexcusable in a judge.

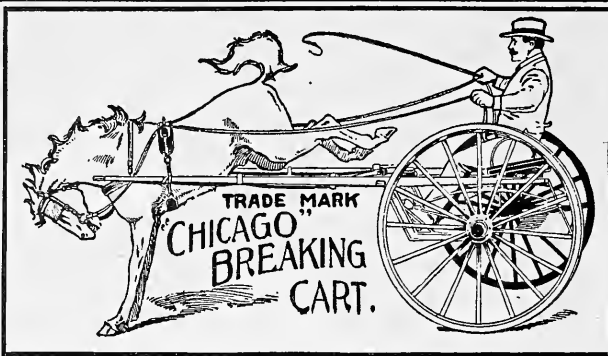

RULE 29. The single judge system is the policy of this Exposition, and, in every case, the judge is selected with the utmost care, and, as far as possible, will be of national reputation.

RULE 30. The time at which the judges will pass upon the different classes is announced in the catalogue, and will be on bulletin boards conspicuously posted. Any exhibit not presented promptly on schedule time will be ruled out and debarred from competition in the class called.

RULE 31. Judges must not award prizes to any unworthy exhibit. It is the intention of the Exposition that no premium or distinction of any kind shall be given any animal or article that is not deserving. This rule must be strictly adhered to, whether there is competition or not.

RULE 32. Where there are fewer entries in class than number of premiums offered, judges may, in their discretion, award a prize or prizes of such grade as the animal or article deserves.

RULE 33. The General Manager will exclude from competition any exhibit to which the catalogue number is not attached.

RULE 34. Judges shall report to the Division Superintendent any exhibitor or exhibitors who in any way, whether in person or by agents or servants, interfere with them during their adjudication, or show any disrespect to them, whereupon the Division Superintendent shall, at his discretion, demand a proper apology from such exhibitor, or he may exclude such from competition, and the Exposition may withhold from such exhibitors any premiums that have been awarded them.

RULE 35. Protests or complaints against any animals or articles in competition must be made in writing to the General Manager, who will, if the case warrants, debar the animal or article protested from competition. (See also Rule 24.)

RULE 36. All judges' books shall remain with the General Manager or his ring stewards when not in actual use.

RULE 37. Those who wish to explain in regard to their exhibits may do so through the General Manager or his stewards, and must not interfere with the judges.

RULE 38. The decision of the judges shall be final in all cases, except where mistake, fraud, misrepresentation or collusion, not discovered at the time of the award, is proven. In such cases the General Manager, or such referee as he may appoint, may make decision, or, with his approval, the case may be appealed to the Executive Committee, from whose decision there can be no appeal.

RULE 39. In every class the judge will, in accord with Rules 31 and 32, select and grade one animal or article for each cash premium in the order of their merit, and in addition thereto he shall select and grade the next best animal or article as a reserve. Animals or articles thus selected will receive an appropriate card, to be known as the "Reserve Ticket." Should any exhibit or exhibitor awarded a cash prize be disqualified, the exhibits or exhibitors gaining the lower prizes shall graduate up into the higher positions next in order above them, and the reserve number shall then graduate into a cash prize.

RULE 40. When, in any class, there shall be more worthy animals or articles than the number of cash premiums offered, in his discretion the judge may officially commend them. Both those "highly commended" and those "commended" to be awarded printed cards to that effect. Every animal or article in a class may be commended, if worthy, but the General Manager will impress upon the judge the importance attached to these commendations. (See Rules 31 and 32.) (Read also rules under each division covering judges' instructions.)

PREMIUMS.

RULE 41. Premiums will be designated by ribbons: Blue, first; red, second; white, third; pink, fourth; yellow, fifth; green, sixth. Championships, royal purple. Special ribbon will be given to reserve animals. (To add to the value of awards all ribbons will be copyrighted.)

RULE 42. Display cards, same color as the ribbons, will be furnished as soon after the close of the Exposition as possible.

RULE 43. (a) Cash premiums are payable by bank check (except, when, at the request of the exhibitor, a cup, diploma or medal is granted in lieu of cash). (b) The Exposition bank check will be drawn by the treasurer upon presentation of transcript of premiums awarded, duly signed by the General Manager and endorsed as "correct" by exhibitor. (c) These checks in payment of premiums are payable "to order," and must be endorsed by those in whose favor they are drawn, and thereupon can be cashed by the treasurer or at any bank where endorser is identified. (d) "Transcripts of premiums awarded," which will constitute an "order" on the treasurer to pay the same, will be issued to exhibitors after 4 P. M. on the closing day of the Exposition. (e) Special premiums will be paid by those offering them, on an order from the General Manager. (f) All orders, cups, diplomas, medals and certificates will be delivered at the general office of the Exposition, or forwarded to the exhibitors, as they may direct, as soon after the close of the Exposition as they can be properly engrossed and engraved. (g) All premiums whatsoever not claimed by exhibitors before January 1 of the following year shall be deemed forfeited to the Exposition or donors.

INTERPRETATION OF RULES.

RULE 44. This Exposition reserves to its Executive Committee the final and absolute right to interpret these rules and regulations, and arbitrarily settle and determine all matters, questions or difference in regard thereto, or otherwise arising out of, or connected with, or incident to, the Exposition.

POSTOFFICE.

There will be a postoffice in the Information Bureau, where mail will be received and dispatched daily. All mail addressed in care of the Exposition will be found at this office.

TRANSPORTATION.

Exhibitors can, when shipping, if they so desire, fill out their cars with other cattle, sheep, hogs or horses, to make full loads. Any surplus animals not required by the classification can be sold on the regular market, but such surplus must be culled out by the exhibitor before exhibits are delivered to the Exposition.

Exhibits should be shipped care of International Live Stock Exposition, and shipping bills mailed to the Superintendent of Transportation, International Live Stock Exposition, Union Stock Yards, Chicago, Ill.

If these instructions are carried out, it will insure prompt delivery of all shipments, whether by rail or boat, direct into the Exposition without transfer.

A list of Railroad and Steamboat Companies that will make special passenger and freight rates to the Exposition will be furnished on application to the General Manager.

RAILWAY FREIGHT OFFICE.

The Superintendent of Transportation, at his office, will be prepared to quote lowest tariff rates and to bill freight for shipment (at the close of the Exposition) to any point in the world, a facility every exhibitor will appreciate.

RAILWAY TICKET OFFICE.

Railway and Steamboat lines will have ticket offices and agents in the Exposition, where full information may be obtained as to routes and the necessary tickets obtained at the lowest prices.

VISITORS.

Ladies and gentlemen may be assured of finding in the buildings everything necessary to the convenience and comfort of young and old during the Exposition.

Ample restaurants and lunch rooms, managed by experienced caterers, will serve meals and refreshments during hours of exhibition at reasonable rates.

A barber shop, wash rooms and parcel rooms for the deposit of satchels, cloaks, etc., and in charge of responsible parties, are conveniently located for the accommodation of the visitors.

The hotels of the city, ample for any occasion, will not exceed their regular rates, and the city authorities will co-operate with the managers of the Exposition in every practicable manner to insure the safety and contribute to the pleasure of the visitors.

The Western Union and Postal Telegraph Companies will have branch offices at the Exposition for the transaction of telegraphic business over their lines and connections.

TELEPHONE STATIONS.

There will be public Telephone Stations at the Exposition, affording unexcelled service.

UNITED STATES CUSTOMS.

Exhibits from Canada, or any other foreign country, will be admitted in bond, with no charge for import duties unless sold in this country.

All exhibits from Canada (or other foreign countries) of any nature whatsoever, shipped by freight or express, may be consigned to Customs Brokers who will at a reasonable cost, attend to entering the same in bond. Foreign exhibitors are advised that bonds are required on entry of exhibits into the United States, and also on their return (*i. e.*, the United States Customs require both import and export bonds). It will be necessary to bond all horses, cattle, sheep, swine or any other animal, article or commodity.

Parties who accompany their consignment will find the Government Customs officials courteous and accommodating, and by extending to them the same fair treatment consignors will have no very great difficulty in personally supervising the passage of their exhibits through the customs at the frontier. Railway companies also have special customs agents at ports of entry, who cheerfully assist shippers. Consignments may be shipped to the "custom agent" (of the railway transporting exhibit) at the port shipment is destined to enter the United States, which agent will attend to entering the same as shipper's broker. The names of such agent, terms, etc., will be furnished by local railway agents.

Shippers will be required to procure consular invoice of the Consul nearest the point of shipment. Each shipment must be accompanied by duplicate shipping receipt to read :

Live Stock Exhibitors desiring to dispose of their exhibits in the United States are advised that the customs law does not allow entries to be made for breeding purposes unless accompanied by duly authenticated consular invoice; certificates of identification, signed and sworn to by the importer, the certified pedigree of the animal, and certificate of registry of the same in the book of record recognized for that breed; and not then, unless it is clearly proved that the special purpose for which they are being imported is for breeding. (This will apply to all animals above named.)

The following is an extract taken from Circular No. 10, Division of Customs, United States Treasury Department, under date of Washington, D. C., January 22, 1892 :

"It having been ascertained that registers have been established for the sole object of making cross-bred and mongrel animals eligible for free entry into the United States, and as paragraph 482 of the Act of October 1, 1890, provides that no animal shall be admitted free unless pure bred of a recognized breed, the object of the law being, in the opinion of this Department, and the Department of Agriculture, to exclude from free entry animals not absolutely and strictly pure bred, it is hereby directed that on and after April 1, 1892, no animal which is brought into the United States from foreign countries for breeding purposes shall be admitted free of duty, unless the importer furnishes a certificate which shall contain a pedigree in the form hereafter given, showing that all the ancestors have been recorded in a book of record established for that breed, for five generations on the side of the sire and four on the side of the dam, together with the affidavit of the owner, agent or importer that such animal is the identical animal described in said certificate of record and pedigree.

"Unless such certificate of pedigree is produced, therefore, the animal shall be considered dutiable, as not being pure bred of a recognized breed and duly registered in the book of record established for that breed.

"In case such certificates are not at hand at the time of the arrival of the animals, and other evidence is produced, satisfactory to the Collector, showing that the animals are entitled to free entry, the Collector may so admit them, taking a bond in double the value of the animals for the production of the proper certificates.

"The law requires that all cattle, hogs and sheep imported into the United States shall be carefully inspected by the Veterinary Inspector of the Bureau of Animal Husbandry; and animals found to be free from disease and not to have been exposed to contagious disease, will be admitted into the United States on complying with the other customs regulations."

Any further information that is required will be furnished by Customs Broker.

All charges for customs and brokerage must be borne by the exhibitor.

CHICAGO

N. B.—ROOFRITE has been adapted as the standard roofing by the Union Stock Yard & Transit Company of Chicago.

for competition, except where otherwise specified, must be owned by exhibitor at the time of making entry, except the animals in carload lots, which must have been the property of the exhibitor thirty days prior to the opening day of the Exposition, and registry certificate of ownership or transfer must be produced, if required, showing the exhibitor to be the owner.

RULE 48. Firms and co-partnerships entering animals for competition must be in existence at the time of making entry, and in all cases must be bona fide, and affidavit of the age of the firms may be required by the management. Where there is one exhibitor in the cattle and horse divisions one prize may be awarded, where two, two prizes may be awarded, and where there are three or more, full classification as shown may be awarded. In the sheep and swine divisions prizes as shown in classification will be awarded.

RULE 49. An animal can compete in more than one class, and for any and every purse in sweepstake groups or specials to which they are eligible under the classification. The rules are so arranged as to enable every exhibitor to easily determine to which classes his exhibits are eligible.

RULE 50. No animal will be awarded a prize unless removed from its stall or pen and exhibited with catalogue number attached before the judge in the show ring. Animals not exhibited when called out by the ring steward, unless specially excused by him, will be charged \$2 per day for use of stalls or pens, and all fees paid will be forfeited.

RULE 51. No animal that has a catalogue number shall be taken from its stall or pen without the numbered tag attached to correspond with the catalogue.

RULE 52. The General Manager will appoint veterinary surgeons and such other assistants as may be necessary. The veterinary surgeon shall cause all animals to be examined before their admission to the grounds, as a safeguard against infectious or contagious diseases, and shall make inspection of the grounds, stables, stalls and pens, and make report in writing to the General Manager of the condition in which said grounds, stables, stalls and pens are kept. In case of sickness of any animal the same shall be removed, when ordered by the General Manager, to a separate inclosure, where the exhibitor may either direct the treatment of the animal himself, or employ a veterinary surgeon appointed for that purpose, for whose services and other necessary expenses incurred a reasonable charge will be made by the Exposition. The right is reserved to the General Manager to order the peremptory removal from the grounds of any animal to which this rule applies.

RULE 53. The Superintendent of Forage will have feed for all live stock at reasonable prices. Exhibitors will be allowed to bring only such feed as will be specified in general letter from the office of the General Manager.

RULE 54. A reasonable amount of straw and shavings will be furnished exhibitors at market prices.

RULE 55. Exhibitors are required to see that their attendants are neatly dressed when they take their stock into the show ring.

RULE 56. Exhibitors of live stock are requested to decorate their quarters as tastily as possible, and must keep that part of the building occupied by them neat and attractive in appearance. This will not only be to the general advantage of the Exposition, but will prove a strong factor in impressing each individual exhibit upon the minds of the visitors and buyers. Rye straw and bunting for decorating stalls will be supplied at cost.

RULE 57. Exhibitors will be allowed to display prize ribbons, medals, certificates of award, etc., at their own quarters during the entire Exposition, subject to the approval of the General Manager.

RULE 58. The time at which the judges will pass upon the different classes will be announced on the bulletin board.

RULE 59. Animals must be shown in such a manner as the judge may require or allow, and if the exhibitors refuse to submit to the proper requirements of the judges their animals will be ruled out.

RULE 60. Exhibitors are required to uncover their animals that they may properly be seen by visitors at such hours and for such time as the General Manager may direct. (See also Rule 7.)

RULE 61. Animals to compose a competitive group need not be named in application for entry, but must be selected by exhibitor before entering the judges' ring.

The Exposition expects, however, that the names be given in the application, so that such groups may be intelligently catalogued.

RULE 62. The primary object of this Exposition is to encourage the breeding and feeding of improved breeds of live stock for well-defined, practical purposes. Regard will be had to symmetry, size, form, action, constitution, vigor and general characteristics of the various breeds, with reasonable allowances for age, but due regard will also be paid to heads, and that graceful carriage, style and general refinement that denotes breed, character—points, which, while not weighing on the "scale" add value to animals when being sold for breeding purposes. And in groups, encouragement will be given to uniformity of breed type.

RULE 63. The Exposition debars and will to the utmost of its power discourage and prohibit the exhibition of barren animals in the breeding classes.

RULE 64. The Exposition reserves the right to discriminate against both excessive obesity, which cannot be a profitable condition for breeding animals, and excessive leanness, in which condition animals are unfit for exhibition.

RULE 65. For the purpose of determining the age of cattle shown in this exhibition, the official plates of mouths, shown in catalogue, will be considered as normal mouths. Where the mouths of animals exhibited in the cattle divisions, do not conform to these plates, satisfactory evidence of the age of the animal must be produced by the exhibitor, and in case of protest in the breeding cattle division the same rule shall apply.

RULE 66. A great educational feature of this Exposition is its evening shows and parades of improved live stock by breeds and ages. Notice of time and place of parades will be announced by bulletins of stewards. Any exhibitor failing to promptly show or parade animals selected by the Directors or Stewards in charge of such exhibitions shall be fined by the Executive Committee. All or any portion of any prizes awarded such exhibitor may be forfeited to the Exposition as such fine.

CATTLE DEPARTMENT.

BREEDING CATTLE DIVISION.

RULES.

RULE 67. Stall fees : \$3.00 for each animal when occupying single stall ; \$5.00 when occupying box stall, which must in all cases accompany the application for entry.

RULE 68. The dates for computing ages of breeding cattle are fixed as September 1st for Senior classes, and January 1st for Junior classes.

RULE 69. A bull over one year old without ring in his nose may be excluded from the Exposition, in the discretion of the General Manager.

RULE 70. Accompanying each entry of cows three years old or over in any of the breeding classes, an affidavit is required at time entry is made giving date of birth of her last calf and the time she is due to calve again. Such cows must have produced a living calf since September 1st of the year previous or show satisfactory evidence of being in calf. Where objection is made (and sustained by the Executive Committee) as to a cow's eligibility under this rule, any premium awarded to such cow shall be withheld until said cow shall have produced, on or before March 1st, following the Exposition, a calf.

RULE 71. Any bull over thirty-six months old entered in any of the breeding cattle classes, that has not had dropped to his services a living calf during the eight months preceding the opening day of the Exposition, shall be deemed barren, and as such shall be excluded from the competition. Certificates from the exhibitor, properly attested, will be required by the General Manager.

RULE 72. Judges are instructed to award prizes for breeding cattle in the different classes in the order in which they, as buyers for a valuable consideration and without any warranty of usefulness, would make selection therefrom for breeding purposes ; due consideration being given, on the one hand, to the accepted maxim of breeding, that "like produces like," and on the other hand to the doubtful utility for breeding purposes of over-fat animals, not considering color or pedigree.

RULE 73. Judges are instructed to discriminate against animals upon which a surgical operation has been performed for the purpose of improving its "show" appearance, such as severing of a "tie" in the back, at the rump, or elsewhere.

RULE 74. In plain cases where these rules are violated, when brought to his attention, the General Manager will investigate carefully, and shall, in his discretion, disqualify animals or exhibitors, or both. In such plain cases the initiatory in bringing punishment on the offenders shall be the duty of the officers of the Exposition.

RULE 75. In doubtful cases, where insufficient proof of violation of these rules is evident to the General Manager, so that he shall deem himself unwarranted in taking the initiatory steps, then complaints against animals or exhibitors believed or supposed to be evading the rules, come under the jurisdiction of, and must comply with, Rule 24.

RULE 76. In cases pertaining to animals being ineligible to competition under these rules, that shall come before the Executive Committee for final disposal, in which complaints shall have been established before and by the Executive Committee, then the Executive Committee may impose penalties in accordance with Rules 23, 27, 33, etc. All fees paid, or premiums that may have been awarded, shall be forfeited to the Exposition, and the Executive Committee may impose such additional penalty as, in their judgment, the case deserves.

TO STOCK MEN!

You have your telephone service, also your rural delivery, complete your happiness by putting a

GURNEY HOT WATER HEATER IN YOUR HOME.

It Works while You Sleep

You require no water works system to operate it, a small ten gallon tank refilled every thirty days will do the business. Call on your nearest town steam-fitter or plumber, and ask him to give you a price on heating your house with a Gurney Heater. Remember we guarantee every heater we sell and if it is not satisfactory we will take it back.

So that you will feel confident we mean business, we wish to refer you to parties you know of who have Gurney Heaters in their residences in Chicago:

Mr. A. Leonard, General Manager of the Union Stock Yards & Transit Co. and one of the directors of the Live Stock Show; Ed. Tilden, President of Libby McNeil & Libby, also President of the National Packing Co; Herbert Swift, of Swift & Co; Edw. Morris, President of Nelson Morris & Co; C. Robbins, former President of the Omaha Packing Co; Chas. Robinson of Clay Robinson Commission Co; Sam McLean, former President of the National Packing Co; Chas. Cone, Purchasing Agent of Nelson-Morris & Co; P. Larmon, Purchasing Agent of Libby McNeil & Libby.

We furnish these names as you will be familiar with them owing to your being in touch with the stock yards and packing house business. We would be glad to have you refer to any of these parties as to our standing and as to the merits of the Gurney Boiler. Live like city folks during the cold weather by putting in a Gurney.

Remember there are more Gurney Boilers in use today than all the other boilers put together. Also dealers Plumbers, Steamfitters and Engineers Supplies. Write us for catalogue.

WELL**WELL**WELL

Glad to see you, and may you live long and prosper.
Accept our cordial greeting once more, even if you don't
come up and see us. Most of you have helped to make

Alexander, Ward & Conover

one of the leading houses on the Chicago market, and as
this is one time in the year when we hope and expect to
meet all our old friends, we shall be disappointed indeed if
you don't give us an opportunity to pass a word with you.

MILKING SHORTHORNS.

Rules adopted by the American Shorthorn Breeders' Association to govern the competition in Classes for "Milking Shorthorns" at the National Shows and State Fairs for the year 1906.

All cows competing in any class in which this Association offers all or part of the premiums shall be clean milked out to the satisfaction of the Superintendent at 6 p. m. on the evening previous to the show.

On the first morning of the show all cows are to be milked in the ring in the presence of the judge, who shall also see each animal's milk weighed, and this shall be done for three consecutive days, morning and evening, at hours to be fixed by the Superintendent, and any animal that does not yield up to the following standard, when milked in the ring, shall not be awarded a premium:

STANDARD	If she has calved within 3 calendar months of the first day of the show	If she has calved more than 3 calendar months before the first day of the show
Cows 3 years old, or over not less than.....	22 lbs. of milk	17 lbs. of milk
Cows under 3 years old, not less than.....	16 lbs. of milk	13 lbs. of milk

And as the object of this class is to show the adaptation for both beef and milk production, judges shall have regard for the size, shape and general appearance of the udder both before and after milking; and also for the size, quality and general appearance of the animal from the standpoint of beef production; and shall also allow 50 points for each of these dual purposes.

FAT CATTLE DIVISION.

RULES.

The date for computing the age of fat cattle is September 1.

RULE 77. Judges are instructed to prefer the highest degree of excellence obtainable, considering form, finish, quantity and quality of flesh and fat, also age and weight; to recognize the very highest quality of prime edible meat, and to object to the production of superfluous tallow; qualities that are indicated to the touch, to the end that animals that win prizes on foot shall ultimately be proven first quality of beef.

RULE 78.—All compulsory slaughter tests are abolished, but in order to encourage the exhibition of animals fitted to win both on foot and on the block, prizes awarded any animal that wins in both classes will be doubled by the Exposition Association.

RULE 79. Exhibitors will be required to furnish a statement of the feeds and methods of feeding employed by them in the production of their exhibits. Such statements shall be used for publication in newspapers and in the Exposition's Annual Report—or otherwise, as may in the discretion of the management be deemed best to promote the education of those interested. Blank forms of these statements will be supplied by the General Manager.

CARLOAD CATTLE DIVISION

(FED AND GRASS CATTLE)

RULE 86. In the following sections for carloads, the term "Feeder" is hereby defined to be exclusively grass and hay-fed cattle. Cattle that have been fed grain of any sort, cotton seed, oil cake, gluten meal, or any like concentrated food, are hereby defined and classed "grain-fed," and such must be entered in the "grain-fed" class.

RULE 87. Car lots of feeder cattle competing in the following sections, where they are required to have been bred within certain districts, must have been bred and not removed from the district in which they were bred more than 30 days prior to the date of the exposition and entered into the section under the rule of one of the districts defined to be eligible to compete in that section. The General Manager will require indisputable evidence that this rule is obeyed. The evidence of the various association inspectors at the Union Stock Yards will be accepted as final in cases of branded cattle.

RULE 88. Cattle competing as "grain fed" in the following sections may have been fattened in any part of the world. No restrictions are placed on the places, feeds or methods of the feeder who finished the "grain-fed" cattle for the Exposition and the market.

NORTHWEST DISTRICT

RULE 89. Animals to compete in the following Classes must have been bred in the Northwest District, which is composed of the following states: Washington, Oregon, California (north of the quarantine), Idaho, Nevada and Utah, and the Territories and Provinces of Northwest Canada. Bill of sale or other satisfactory evidence that competing animals were bred in this district will be required by the management.

INTERNATIONAL Live Stock Judging Contest

Recognizing the importance of interesting young men in the study and improvement of the various breeds of domesticated animals, the management of the International Live Stock Exposition will make the stock judging contest an important feature of their exposition programme. To young men (farmers' sons under 25 years of age and Agricultural College students) who do the most proficient work in judging the various classes of live stock assigned for the purpose and giving best reasons substantiating their judgment, the following prizes are offered:

The Union Stock Yard & Transit Company will award a beautiful trophy to the Agricultural College whose five students do the most efficient work in judging horses, and another for judging cattle, hogs, and sheep assigned for the purpose, and giving reasons substantiating their judgment under the following rules.

RULES AND REGULATIONS

(1) RULES GOVERNING ELIGIBILITY OF CONTESTANTS.

1. Any farmer's son under twenty-five years of age, who has never attended any Agricultural College may enter.

2. Any Agricultural College student who has never taken part in any previous judging contest of interstate or international nature and has taken at least twelve weeks' under-graduate work during the current year in the college that he represents, and who has at no time served in the capacity of an Animal Husbandry teacher, in any Agricultural College, may enter.

(2) SUPERINTENDENTS.

1. It shall be the duty of the superintendent to see that all rules and regulations governing the contest are duly carried out. He shall see that the contest is conducted with fairness and justice to all concerned.

2. He shall have a chief clerk and helpers to assist in superintending the different classes of stock, etc.

3. He shall direct the contestants as to which class to judge, time to commence work, and time to stop.

4. He shall say nothing to a contestant as to the method for the contestant to follow, either in judging the class, writing the reasons, or giving of reasons before the committee.

5. The superintendent shall have nothing to do with placing the animals in the various classes, or with the grading of the placing, or the reasons.

6. He shall have charge of all the grades given for both placing and reasons and it shall be his duty to have these tabulated and totaled, and he shall deliver the result of the contest to the General Manager of the International Live Stock Exposition, who shall publish the result.

(3) CLERK, ASSISTANTS AND ATTENDANTS.

The clerk, assistants and attendants shall be at the command of the superintendent and shall carry out his orders, and none of these assistants shall confer with the contestants unless so directed by the superintendent.

The attendants holding the stock, shall hold the animals in a careful manner, so that all contestants may have a fair chance to make observations on the same.

(4) JUDGES.

1. There shall be three judges for each class of stock judged. It is preferable that two of each set be stockmen (breeders or feeders of the class to be passed upon), and the third an Animal Husbandry instructor.

2. It shall be the duty of each committee of judges to look over the class of stock and each to decide as to the order in which the class shall be placed and to decide on the essential reasons for placing the first above the second, the second above the third, and the third above the fourth. The judges shall keep their ratings of the animals secret until after the contestants have been before the committee.

3. When the contestant appears before the committee, the clerk shall present the contestant's card bearing his rating of the animals and each judge shall make a note of the same and grade it as his judgment dictates and record his grade for placing on a card bearing the contestant's number. Fifty points shall constitute a perfect mark for placing. The contestant shall have three minutes in which to give his reasons for placing the animals, and it shall be the duty of the committee to hear those reasons and independently to grade for the same and record his grade for reasons on the card mentioned above. Fifty points shall constitute a perfect mark for reasons.

4. As soon as the judges have recorded their grades, the clerk shall collect the three cards. The three grades on placing shall be averaged and the average shall stand as the contestant's grade for placing that class.

5. The grade for reasons shall be arrived at in the same manner.

(5) CONTESTANTS.

1. All prospective contestants must send in their entries to W. E. Skinner, General Manager of the International Exposition by December 1st, 1905.

2. Regular entry forms will be mailed all prospective contestants who desire the same by November 15th, 1905.

3. An entry fee of \$2.00 will be charged each contestant and must be forwarded with entry application, this money to be used in defraying the expenses of the contest.

4. Each college will be restricted to entering five (5) men to contest for each trophy, which number shall constitute a team.

5. Each contestant shall report to the superintendent in the Amphitheatre at 8 A. M., Saturday, December 16th, 1905, when he will be assigned a number and such instructions as the superintendent desires to give.

6. No contestant shall wear any uniform, college colors, college hat, nor shall he in any way signify to the judges his identity or the identity of the college which he represents.

7. While the contest is in progress there shall be no conferring between contestants or between a contestant and any one else, except as directed by the superintendent or his representative. Any violation of this rule will be punished by the expulsion of the offender.

8. The contestants shall be divided by the superintendent into three groups, A, B, and C, and shall be so designated thereafter throughout the contest. In no group shall there be more than two contestants from one college.

9. When the three classes of cattle are brought in, they shall be placed at least forty feet apart and forty feet from the outside fence. Group A contestants shall be assigned to one class, B to a second class, and C to a third class of animals. All groups shall be notified three minutes before time is up, and when final time is called group A shall move the second class, B to the third, and C to the first; and when time is called for the last class, A moves to third, B to first and C to second.

10. The contestant shall hand his card, bearing his number, class of animals, and placing to the supervising clerk immediately after he finishes each class.

11. When the judges have passed upon the rings, the cattle shall then be taken from the arena and group "A" shall be taken to one part of the arena, when each contestant shall be called before the committee of judges, whose duty it is to pass upon the first class of cattle, B before the second committee, and C before the third. When the three groups shall have finished giving reasons for the first class placed, they shall change in the same order as followed in the judging.

(6) TIME.

1. In each of the cattle, sheep, and swine classes, fifteen minutes

shall be allowed the contestant to make his observations, write down his placing and make such notes as he wishes to assist him in remembering the class when he goes before the judges; but no contestant shall be allowed to hold any paper or card, or device that will assist him while he is giving his reasons before the judges.

In the horse classes, twenty minutes shall be allowed to admit of time to move the animals. Horses shall be moved during first five minutes of time at both walk and trot.

Each contestant shall appear singly before the judges and be allowed three minutes to give reasons for placing of each ring of animals. The contestant shall write his placing on card, to be handed to the clerk, as soon as he has finished the work of placing the class.

FORM OF CARD.

Contestant's number

Class

Placing

.....First;Second;Third;Fourth.

Card shall be four inches by two and one-half inches.

(7) CLASSES AND METHOD OF NUMBERING.

1. Four animals shall constitute a class.

2. The horses, cattle, and sheep shall be numbered by placing a card on the holder of the animal. These cards shall be numbered 1, 2, 3, 4, or lettered A, B, C, D, as the larger numbers would give the student too much to do in remembering them and take too much time to see them.

The pigs shall be numbered by sticking large gummed labels bearing the number, on both the shoulder and the rump.

3. All newspaper men, officials, and others, except the superintendent, his assistants, the judges, policemen, and holders of stock, shall be excluded from the ring while the contest is in progress.

The following program shall be followed, beginning Saturday, December 1st, 1906, at 8:00 A.M.:

8:00—Superintendents give instructions to contestants.

8:15—Three classes of cattle.

9-11—Judges hear reasons on placing beef cattle.

11-12—Three classes of horses.

12-2—Contestants give reasons for placing horses.

2-2:30—Lunch.

2.30-3:15—Three classes of sheep.

3:15-5:15—Contestants give reasons for placing sheep.

5:15-6—Three classes of hogs, one of which shall be a bacon class.

6-8—Contestants give reasons for placing hogs.

INTERNATIONAL CORN JUDGING CONTEST

FOR THE BEAUTIFUL TROPHY VALUED AT \$1,500.00, PRESENTED
BY MR. A. E. COOK, ODEBOLT, IOWA.

TO BE WON THREE TIMES BEFORE PERMANENT OWNERSHIP CAN BE OBTAINED.

RULES.

1st. This contest will begin on the morning of December 16th at eight o'clock sharp.

2d. Each sample or class shall consist of ten ears of corn.

3d. The samples shall be ten in number, and of the following varieties, namely:

- 2 samples Leaming,
- 2 samples Reid's Yellow Dent,
- 2 samples Boone County White,
- 2 samples Silver Mine,
- 2 samples Golden Eagle or Gold Mine.

4th. Fifteen minutes shall be given each student for the placing of each sample.

5th. Each student shall give orally his reasons, substantiating his placing, these reasons to be given only in the presence of the judge who placed the sample of corn.

6th. The student shall place the five best ears in each sample, according to their excellence, the object being to select those ears which will be most profitable for the breeder or the grower, if he were to engage in the business for the next ten years.

7th. The student shall be marked or graded chiefly on his placing of the first three ears, the mentioning of the fourth and fifth shall be for the purpose of assisting the judges in their markings where competition is close.

8th. The student shall be given three minutes within which to make his oral report on each sample, having the sample before him at the time.

9th. The placing of the samples shall be completed before the oral report by the contestants to the judges is made.

10th. At the time of making the report, the judge shall have the five samples of corn before him, which he passed upon.

11th. Six planks, fourteen inches wide and ten feet long, placed six feet apart and forty inches from the floor, shall be used and two

ten-ear samples shall be placed on each plank. The ears shall be numbered from one to ten, by attaching a small label to each ear, by means of a rubber band. The label shall have the number of the ear printed on both sides; four kernels of corn shall be taken from the center of each ear and placed opposite the ear from which they were taken.

12th. The student shall be given a card upon which to report his placings to the judges, which shall be taken up at the close of each period before the student begins work on the next sample.

13th. No changes in placing can be made after the report is handed in.

14th. The ten samples of corn used, shall be divided to suit the judges and each judge shall pass upon one-half of the samples offered.

15th. The superintendent shall secure the samples to be judged from prominent corn breeders, but no two samples of the same variety of corn used in this contest shall be grown by the same breeder.

16th. This corn shall be judged or placed by the judges on the Friday preceding the date of the contest.

17th. The scale of markings shall be sixty points for placing and forty points for reasons.

To Visiting Stockmen

One of the great points of interest
in Chicago's commercial world is

THE HUB

THE GREATEST EXCLUSIVE
CLOTHING HOUSE
IN THE WORLD

MANY of you are acquainted with it, some of you are not and ought to be. It handles only the best clothing produced in America and is commonly regarded as the one great store where quality and quantity go hand in hand. It is the old reliable friend to those of the male persuasion, and occupying as it does the entire block between Jackson and Quincy on State Street, it is a sight well worth seeing. The styles for Winter are awaiting you. :: :: :: :: ::

VISITORS WHO HAVE NOT SEEN
THE BIG STORE
HAVE NOT SEEN CHICAGO!!

THE BIG STORE IS NOW A COMPLETE
HOLIDAY EXPOSITION

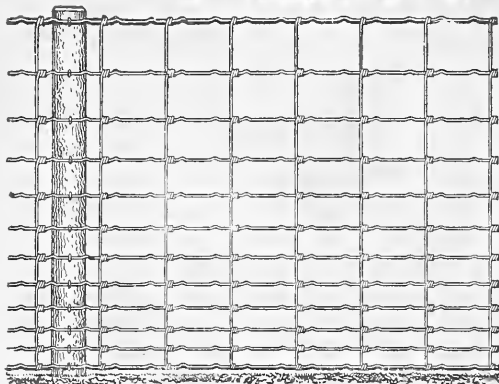

All our holiday stocks are now in place, the gorgeous holiday windows are attracting thousands, the store is in gala dress from top to bottom. The showing really amounts to a world's exposition of desirable, new merchandise from every country and clime, while the prices are at the same low mark that has won for us the name of

CHICAGO'S ECONOMY CENTER!

In buying here, you are buying of a house that stands back of its merchandise just the same if you live a thousand miles away as it does for its nearest patron. You must be satisfied, or your money is yours again for the asking.

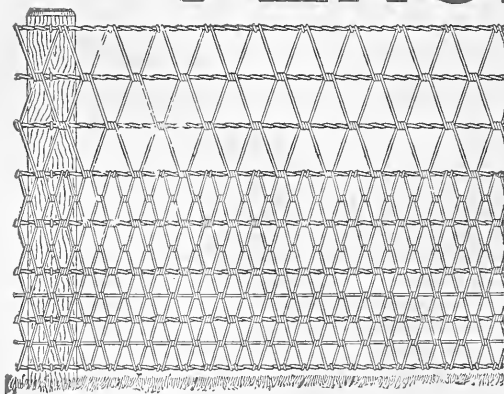

SIEGEL, COOPER & CO.

AMERICAN FENCE

A sound substantial, enduring fence, built on the most practical lines and of material adapted for the purpose and thoroughly galvanized.

ELLWOOD FENCE

We guarantee Ellwood Fence because we know how it is made. All the resources of the greatest steel and wire mills in the world are brought to bear in getting as near perfection as it is possible.

Christmas Giving

presents again its annual problem. Its solution rests in an ample assortment of reliable goods at satisfactory prices.

SPAULDING & CO. offer the finest productions in this country, as also the newest conceits and best efforts of European manufacturers in

*Jewelry, Silverware, Watches
Leather Goods, Glass, Porcelains and
Bronze and Marble Statuary*

at prices which bear comparison with those quoted anywhere for goods of equal merit.

The gift question, therefore, is not a hard one, and presents but little more difficulty to the distant buyer than to a resident of Chicago.

Spaulding & Co.'s "Unusual Service"

tells how non-resident purchasers may avail themselves of the advantages of a metropolitan stock, and will be mailed upon receipt of address, together with

"Suggestions for the Coming Season"

The latter is comprehensive and will be found of value in its suggestions, descriptions and detailed prices.

Selections On Approval

will be forwarded when the usual business references accompany requests.

International Harvester Company of America

Exhibit

The International Harvester Company of America has on exhibition at this show a number of labor saving, profit making machines for farmers and livestock men, among which are:

Gasoline Engines
Cream Separators
Feed Grinders
Manure Spreaders

All are cordially invited to visit this exhibit and talk freely with the attendants in charge, who will cheerfully explain the advantages of the machines.

Most stockmen who visit the exhibit will be shown better and more economical methods of pumping their water, grinding their feed, separating their cream, and utilizing the full value of their manure than they are now using.

Don't fail to get a catalogue describing in detail the machine in which you are particularly interested.

You will find with our representative specially attractive booklets on development of agricultural machines. Inquire for them.

WOMEN'S OUTFITTERS

The "Chicago Examiner" Says:

"One is rather apt to think of the Charles A. Stevens & Bros.' Suit Department in connection with extreme novelties and high priced creations of the foreign artists. This is rather unfair, in a way, because while this well known specialty house of women's wear does carry an extensive stock of just such rare and beautiful things, still, there are quantities of most elegant and artistic tailored suits and costumes to be had there at any time within a reasonable range of price.

"A very artistic tan colored broadcloth suit, which is quoted at only \$55, is rather a revelation in this respect. It has a coat which is made with the new straight back, hipless effect; moderately long and with rounded fronts. There is an oriental trimming on the cuffs of the extremely short sleeves, and on the collar. A very attractive feature of this little coat is the large gilt buttons with colored stone settings which fasten the front. The round, plaited skirt was very plainly finished.

"A suit which is made after a Paquin model, of green and blue striped broadcloth, is priced at \$60. The coat is about 36 inches long, with the empire back and ecclesiastical sleeve, which is velvet trimmed.

"It is edged at the collar with folds of black and white striped silk, cut on the bias. A short vestee is of sage green broadcloth, edged with a narrow braid in gilt and black. The round, plaited skirt has two folds of the striped cloth running horizontally.

"The famous striped broadcloth gown in which Mrs. Astor arrived in this country not long ago, is duplicated here at \$75. The coat is half fitting and has a V shaped piece inserted over the hip. A velvet shawl collar adorns the coat, which is braid and satin trimmed, and a waistcoat of the material is made with stripes running crosswise.

"The deep arms-eye and half sleeve, and the straight line back are all finished with the flat black braid. The panel front of the double box plaited skirt is of the crosswise stripe matching the waistcoat.

"And one could name any number of instances just as interesting."

**We are offering Coats at \$25 and \$38.50 that
can not be duplicated for half as much again**

Now is the ideal time
for Christmas buying

FARSIGHTED Christmas buyers are doing their purchasing now—it is the best time. The stocks are complete, the assortments are unbroken, and selections can be made more leisurely and satisfactorily than later.

Especially do we call your attention to our splendid showing of stylish and durable Winter Apparel for men, women and children. Qualities of the utmost dependability are displayed in a great range of variety, and priced with a fairness that is characteristic of this store. Furs and fur coats are featured at pleasing prices.

Visitors to the city are cordially invited to make this their headquarters. The vastness of our assortments provides unusual latitude for the selection of merchandise—and the values figure conspicuously as features of true economy.

THE HUB
Henry C. Lytton
 STATE—JACKSON—QUINCY

—by every
 process of reasoning The
 Hub is indisputably the
 “home of the overcoat:”

—this is the

unanimous verdict of the people, vociferously proclaimed through the medium of a patronage no less loyal than colossal in its character : mentally picture the splendid spectacle of 12,000 overcoats attractively displayed on one big floor, the exhibit representing in its entirety the combined skill and ingenuity of the greatest masters : we say “masters,” for it must be understood that The Hub has long since passed the swaddling period, that today it can no more satisfy its tremendous clientele

with the line of a single maker than it is possible for water to flow up-stream : thus we use the word “masters” as indicating that all of the best makers in America are included in The Hub’s monster showing.

—visiting stockmen

can spend a few moments in The Hub to fine advantage : whether you come to buy or just to look is immaterial to us : we are anxious to show you through, to have you “try on” one of The Hub’s overcoats, that you may compare its value as judged from the standpoint of quality, style, fit and workmanship with those offered elsewhere : to a majority of the men in Chicago and the west, The Hub is indeed the “home of the overcoat,” and as its unequalled facilities for underselling become more widely disseminated the list of patrons grows correspondingly larger : overcoat prices—

The Man from Out of Town

Often finds his visit to Chicago an opportune time to locate a reliable tailor with whose goods and handiwork he may feel Correctly Dressed.

¶ For thirty years, A. A. Devore & Son have been relied upon by Chicago's substantial citizens as authorities on Men's Dress, and by visitors from almost every state in the Union.

¶ Their stock includes every pattern, shade, texture and weight that is commendable and seasonable—an unusual variety of staples and fancies in Fall and Winter suitings and overcoatings.

¶ Their established policy is that of "The Square Deal"—in fabric, workmanship and price.

35th & Morgan Streets

Chicago

A NEW MAIL ORDER HOUSE, of the Farmers, by the Farmers and for the Farmers, founded on the broad and equitable basis of Co-operation. 95% of this company are farmers actively engaged in tilling the soil.

Our new, beautifully bound, 608 page Catalog quotes the lowest market prices in merchandise of all descriptions. Our merchandise, of every and all lines, is thoroughly dependable and you positively get the best service. Our prices are extremely low for the grade of goods we sell and we can assure the consumers who wish to purchase from us that we can save them money on everything we handle.

We cordially invite you to visit our plant at the corner of 35th & Morgan Sts., only five blocks from the Union Stock Yards, before you return home. If you cannot visit our plant, call at our Exhibit in the Record Bldg., No. 19, 29 Exchange Ave., Union Stock Yards, and see our No. 4 Catalog and take one home with you, if possible. If you do not take one home with you, write for one as soon as you get home and we will send it to you prepaid.

The purpose of the Universal Trading & Supply Co. is to make the farmer an important factor in determining prices. The great question with the farmers today is, "How can we get closer to the factory in what we buy and closer to the consumer in what we sell, and save for ourselves a part of the series of middle-men's profits?" The Universal Trading & Supply Co. answers that question by actually doing it.

If you will come and see us, or write us, we can convince you that it is to your interest to patronize—

GENERAL RULES AND REGULATIONS

Exhibitors are requested to familiarize themselves with all the rules of this Exposition in Classes and Departments applicable to their Exhibits.

IMPORTANT RULE.

Any protest as to eligibility on account of age of animals entered in the fat classes of the Exposition must be filed with the General Superintendent prior to the day on which they are to be judged. Information concerning the class in which any animal or carload is entered can be had at the general office of the Exposition. Specifications showing ages of cattle by dentition is given hereunder for the benefit of exhibitors.

Specifications showing teeth of cattle at ages described, which is adopted as a basis for determining ages of cattle.

Twelve Months—An animal of this age shall have all its milk (calf) incisor teeth in place.

ISOLATION

NO LONGER POSSIBLE

THE TELEPHONE puts the Farmer in touch with the entire country, enabling him to secure daily market quotations, weather reports, etc. In selling farm products the Telephone figures prominently, making profitable sales almost a certainty. The progressive Farmer is quick to appreciate the value of any labor saving device, and of late years has added the Telephone to his list of necessities.

International Live Stock Exposition.

The management of the Exposition will be under the general direction of the Managing Director, whose authority will be exercised through the General Superintendent.

Rule 1. An exhibitor who violates any of the following rules will forfeit all privileges and premiums and be subject to such penalty as the Executive Committee may order.

Rule 2. All exhibits will be under the control and direction of the General Superintendent, but the Exposition will in no case be responsible for any loss or damage that may occur. Each exhibitor will be solely responsible for any consequential or other loss, injury, or damage done to, or occasioned by, or arising from, any animal or article exhibited by him, and for its description as given in the catalogue, and shall indemnify the Exposition against all legal or other proceedings in regard thereto.

Rule 3. The building will be in readiness for the reception of cattle, sheep, and swine any time during the week preceding the Exposition; and barns for horses on and after Thursday preceding the Exposition.

Rule 4. Officers and employes will be known by their badges.

Rule 5. No person other than those holding animals being exhibited will be allowed in the show ring during the time of judging, except the Superintendent of the division, the Judge, and officially accredited reporters. This rule will be rigidly enforced.

Rule 6. No peddling, hawking, or selling of any kind will be allowed, and the distribution of handbills or other advertising is strictly prohibited in the buildings, on the grounds, or on the streets leading to the grounds.

Rule 7. Exhibitors are prohibited from using blankets or covers on their stock bearing any description of advertising except the name of the animal or owner. This rule will be rigidly enforced between the hours of 7 a. m. and 11 p. m. each day of the Exposition.

ENTRIES.

Rule 8. The fees for space wherever charged must in all cases accompany the application for entry.

Rule 9. All applications for entries must be made on printed forms, which may be obtained free by addressing the General Superintendent. These forms are to be filled out and signed by the exhibitor, and filed in the office of the General Superintendent of the Exposition on or before November 1st. This applies to all entries except carloads, which are entered on arrival, and "short-fed specials," for which application for entry must be made before August 15th.

Rule 10. Entries free, but in all cases animals are subject to the stall and pen fees provided for by the special rules in their respective sections of this list. This rule is particularly subject to Rule 8.

Rule 11. To be eligible for competition, whether singly or in groups, animals must be the bona fide property of exhibitors, and all animals entered for competition, except where otherwise specified, must be owned by exhibitor at the time of making entry, except the animals in carload lots, which must have been the property of the exhibitor thirty days prior to the opening day of the Exposition, and registry certificate of ownership or transfer must be produced, if required, showing the exhibitor to be the owner.

Rule 12. Firms and co-partnerships entering animals for competition must be in existence at the time of making entry, and in all cases must be bona fide, and affidavit of the age of the firms may be required by the management. Where there is one exhibitor in the cattle and horse divisions, one prize may be awarded, where two, two prizes may be awarded, and where there are three or more, full classification as shown may be awarded. In the sheep and swine divisions prizes as shown in classification will be awarded.

CATALOGUE

ADVERTISING RATES MADE KNOWN ON APPLICATION TO THE GENERAL SUPERINTENDENT.

Rule 13. An annual catalogue will be issued as a souvenir in which all entries will be properly catalogued without cost to exhibitor if entries are made in accordance with Rules.

Rule 14. All entries will be inserted in the annual catalogue, and exhibitors on their arrival at the Exposition will receive, on application to their respective association secretaries, tags with duplicate numbers to correspond with the catalogue number, which must be fastened in the most conspicuous part of the stalls, pens, or place where exhibit is shown.

Rule 15. If it is desired, the exhibitor may state in the entry the price for which he will sell his animal. This price shall be inserted in the catalogue, but all sales will be between the owner, or his representative, and the purchaser. The Exposition will not interfere or assume any responsibility.

Rule 16. No animal shall be considered by Awarding Committee whose attendant is not wearing tag during competition. This tag will show age and official weight of competing animal.

EXHIBITORS.

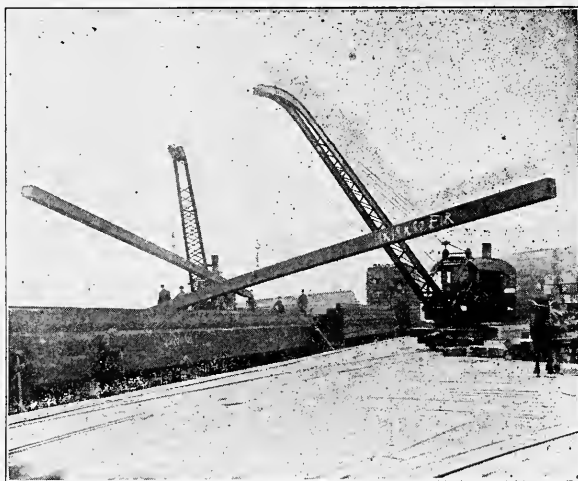

Rule 17. After having properly entered their animals, exhibitors must themselves see to their delivery to the Steward of the appropriate department, so that their exhibits may be in their places properly ticketed and ready for competition by 9 a. m. Monday of the Exposition. They are likewise required to attend to their articles or animals while on exhibition, and answer such questions as the judges may deem essential to a correct estimate of their relative value.

Rule 18. Storerooms will be provided, in which all packing and shipping material must be deposited.

Rule 19. All articles and animals for exhibition, except car lots of fat stock (see Special Rule), must be in their places, with all rubbish and waste cleared away, at 9 a. m. of the opening day of the Exposition, and entered in the name of the real owner, to remain on the grounds to the close of the Exposition. Any violation of this rule will cause a forfeiture of all premiums earned by the exhibitors.

Rule 20. In all cases, the right is reserved to reject entirely, or accept conditionally, any entry or application.

Rule 21. All stalls, pens, and exhibition places must be cleaned before 8 a. m. each day, and refuse matter disposed of as the General Superintendent may direct.

Rule 22. An exhibitor wishing to remove an exhibit for the night must apply to the General Superintendent; and, if there appears to be good reason for the removal, it may be effected by leaving a suitable deposit and receiving an official pass, the time of leaving and that of returning to be inserted thereon; and, if the exhibit be not duly returned, the deposit will be forfeited to the Exposition.

Rule 23. Exhibitors will not be allowed to deliver animals or articles during the Exposition without special permission (though they may receive and book orders), nor will they be permitted to call attention to their wares in any noisy or disorderly manner, and only such signs and placards may be put as the General Superintendent shall approve and allow.

Rule 24. Any false representation, interference, or ungentlemanly conduct on the part of an exhibitor will be dealt with by the Executive Committee according to the equities of the case.

Rule 25. All protests must be in writing, and accompanied by a deposit of \$20, which will be forfeited if protest is not sustained. Such protest must state plainly the cause of complaint, or appeal, and must be delivered to the General Superintendent within six hours after the occasion for such protest.

Rule 26. No appeal of or appeal from an award based upon a statement that the Judge or Judges have overlooked an animal or article will be considered by the Executive Committee.

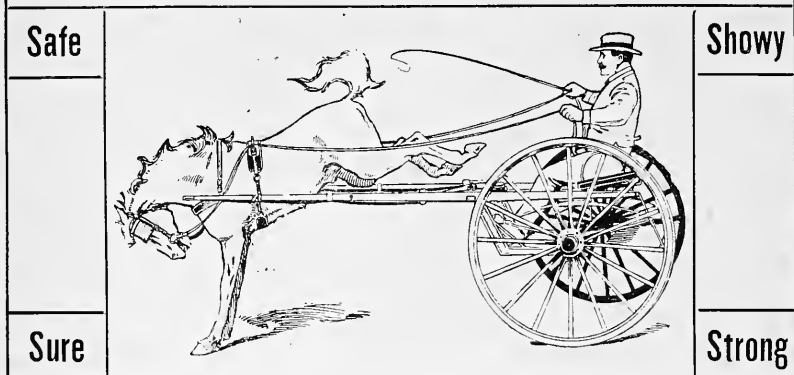

Rule 27. No person having entered anything for competition will be allowed to make substitution of animals or otherwise change the entry after ten days prior to the opening day of the Exposition, except as noted in Rule 28, nor may any one refuse any premiums awarded, and the prize ribbons and commendation cards must be displayed during the Exposition.

Rule 28. Exhibits that have been erroneously entered may, in the discretion of the General Superintendent, be transferred to their proper classes previous to the judging. If such classes have been judged they shall not be reopened.

Rule 29. Exhibits having objectionable features may be ordered to vacate their stalls, pens, or space.

Rule 30. The Exposition reserves the right to withhold premiums awarded in every case in which it shall appear to the Executive Committee that the regulations have not been complied with, or that fraud or deception has been practiced or attempted.

JUDGES.

Judges are earnestly requested to familiarize themselves with all the rules and regulations of this Exposition, and to especially mark those rules bearing on the classes to be adjudicated by them. Ignorance of the rules is inexcusable in a judge.

Rule 31. The single judge system is the policy of this Exposition, and, in every case, the judge is selected with the utmost care, and, as far as possible, will be of national reputation.

Rule 32. The time at which the judges will pass upon the different classes is announced in the catalogue, and will be on bulletin boards conspicuously posted. Any exhibit not presented promptly on schedule time will be ruled out and debarred from competition in the class called.

Rule 33. Judge must not award a prize to an unworthy exhibit. It is the intention of the Exposition that no premium or distinction of any kind shall be given any animal or article that is not deserving. This rule must be strictly adhered to, whether there is competition or not.

Rule 34. Where there are fewer entries in class than number of premiums offered, judges may, in their discretion, award a prize or prizes of such grade as the animal or article deserves.

Rule 35. The General Superintendent will exclude from competition any exhibit to which the catalogue number is not attached.

Rule 36. Judges shall report to the Division Superintendent any exhibitor or exhibitors who in any way, whether in person or by agents or servants, interfere with them during their adjudication, or show any disrespect to them, whereupon the Division Superintendent shall, at his discretion, demand a proper apology from such exhibitor, or he may exclude such from competition, and the Exposition may withhold from such exhibitors any premiums that have been awarded them.

Rule 37. All judges' books shall remain at the general office or with the ring stewards when not in actual use.

Rule 38. The decision of the judges shall be final in all cases, except where mistake, fraud, misrepresentation, or collusion, not discovered at the time of the award, is proven. In such cases the General Superintendent, or such referee as he may appoint, may make decision, or, with his approval, the case may be appealed to the Executive Committee, from whose decision there can be no appeal.

Rule 39. Should any animal awarded a cash prize be disqualified the animals gaining the lower prizes shall graduate up into the higher positions next in order above them if in the opinion of the judge these animals are worthy of such prizes.

PREMIUMS.

Rule 40. Premiums will be designated by ribbons: Blue, first; red, second; white, third; pink, fourth; yellow, fifth; green, sixth. Championships, royal purple. Special ribbons or card will be given to "highly commended," "commended" and "reserve" animals and to owners of sires whose "gets" are winners of first prizes. To add to the value of awards all ribbons will be copyrighted.

Rule 41. Exhibitors will be allowed to display prize ribbons, medals, certificates of award, etc., at their own quarters during the entire Exposition, subject to the approval of the General Superintendent.

Rule 42. Display cards, same color as the ribbons, will be furnished as soon after the close of the Exposition as possible.

Rule 43. (a) Cash premiums are payable by bank check (except, when, at the request of the exhibitor, a cup, diploma, or medal is granted in lieu of cash). (b) The Exposition bank check will be drawn by the treasurer upon presentation of transcript of premiums awarded, duly signed by the General Superintendent and indorsed as "correct" by exhibitor. (c) These checks in payment of premiums are payable "to order," and must be endorsed by those in whose favor they are drawn, and thereupon can be cashed by the treasurer or at any bank where endorser is identified. (d) "Transcripts of premiums awarded," which will constitute an "order" on the treasurer to pay the same, will be issued to exhibitors after 4 p. m. on the closing day of the Exposition. (e) Special premiums will be paid by those offering them, on an order from the General Superintendent. (f) All orders, cups, diplomas, medals, and certificates will be delivered at the general office of the Exposition, or forwarded to the exhibitors, as they may direct, as soon after the close of the Exposition as they can be properly engrossed and engraved. (g) All premiums whatsoever not claimed by exhibitors before January 1st of the following year shall be deemed forfeited to the Exposition or donors.

Rule 44. No animal will be awarded a prize unless removed from its stall or pen and exhibited with catalogue number attached before the judge in the show ring.

SPECIAL RULE GOVERNING EXHIBITS

Rule 45. RULES—Continued

Rule 46. An animal can compete in more than one class, and for any and every purse in sweepstake groups or specials to which they are eligible under the classification. The rules are so arranged as to enable every exhibitor to easily determine to which classes his exhibits are eligible.

Rule 47. No animal that has a catalogue number shall be taken from its stall or pen without the numbered tag attached to correspond with the catalogue.

Rule 48. The General Superintendent will appoint veterinary surgeons and such other assistants as may be necessary. The veterinary surgeon shall cause all animals to be examined before their admission to the grounds, as a safeguard against infectious or contagious disease, and shall make inspection of the grounds, stables, stalls, and pens, and make report in writing to the General Superintendent of the condition in which said grounds, stables, stalls, and pens are kept. In case of sickness of any animal the same shall be removed, when ordered by the General Superintendent, to a separate inclosure, where the exhibitor may either direct the treatment of the animal himself, or employ a veterinary surgeon appointed for that purpose, for whose services and other necessary expenses incurred a reasonable charge will be made by the Exposition. The right is reserved to the General Superintendent to order the peremptory removal from the grounds of any animal to which this rule applies.

Rule 49. The Superintendent of Forage will have feed for all live stock at reasonable prices. To prevent aisles from being obstructed with feed and bedding, to preserve the general harmony, and that stock may be shown to the best possible advantage, exhibitors will not be allowed to bring hay, bedding, or whole grain.

Rule 50. Exhibitors of live stock are requested to decorate their quarters as tastily as possible, and must keep that part of the building occupied by them neat and attractive in appearance. This will not only be to the general advantage of the Exposition, but will prove a strong factor in impressing each individual exhibit upon the minds of the visitors and buyers.

Rule 51. Animals to compose a competitive group need not be named in application for entry, but must be selected by exhibitors.

The Exposition expects, however, that the names be given in the application, so that such groups may be intelligently catalogued.

Rule 52. The primary object of this Exposition is to encourage the breeding and feeding of improved breeds of live stock for well-defined, practical purposes. Regard will be had to symmetry, size, form, action, constitution, vigor, and general characteristics of the various breeds, with reasonable allowances for age, but due regard will also be paid to heads, and that graceful carriage, style, and general refinement that denotes breed, character—points, which, while not weighing on the "scale," add value to animals when being sold for breeding purposes. And, in groups, encouragement will be given to uniformity of breed type.

Rule 53. The Exposition debars and will to the utmost of its power discourage and prohibit the exhibition of barren animals in the breeding classes.

Rule 54. The Exposition reserves the right to discriminate against both excessive obesity, which cannot be a profitable condition for breeding animals, and excessive leanness, in which condition animals are unfit for exhibition.

Rule 55. For the purpose of determining the age of cattle shown in this exhibition, the official plates of mouths, shown in catalogue, will be considered as normal mouths. Where the mouths of animals exhibited in the cattle divisions do not conform to these plates, satisfactory evidence of the age of the animal must be produced by the exhibitor, and in case of protest in the breeding cattle division the same rule shall apply.

Rule 56. A great educational feature of this Exposition is its evening shows and parades of approved live stock by breeds and ages. Notice of time and places of parades will be announced by bulletins and stewards. Exhibitors refusing for any cause not meeting with the approval of the management to lead out their animals for parade or for competition in the show ring when called by the stewards in charge, will not only forfeit all prizes previously won, but be barred from further participation in the show and required to remove their stock from the show grounds within six hours after such refusal. The Executive Committee may further impose such additional penalty as in their judgment the case deserves.

Rule 57. Exhibitors are required to see that their attendants are neatly dressed when they take their stock into the show ring.

Rule 58. The Exposition reserves the right to amend or add to these rules as the Executive Committee in their judgment may determine.

INTERPRETATION OF RULES.

Rule 59. This Exposition reserves to its Executive Committee the final and absolute right to interpret these rules and regulations, and arbitrarily settle and determine all matters, questions, or difference in regard thereto, or otherwise arising out of, or connected with, or incident to, the Exposition.

UNITED STATES CUSTOMS.

Exhibits from Canada, or any other foreign country, will be admitted in bond, with no charge for import duties unless sold in this country.

All exhibits from Canada (or other foreign countries) of any nature whatsoever, shipped by freight or express, may be consigned to customs brokers, who will, at reasonable cost, attend to entering the same in bond. Foreign exhibitors are advised that bonds are required on entry of exhibits into the United States, and also on their return (i. e., the United States customs require both import and export bonds). It will be necessary to bond all horses, cattle, sheep, swine, or any other animal, article, or commodity.

Parties who accompany their consignment will find the government customs officials courteous and accommodating, and by extending to them the same fair treatment consignors will have no very great difficulty in personally supervising the passage of their exhibits through the customs at the frontier. Railway companies also have special customs agents at ports of entry, who cheerfully assist shippers. Consignments may be shipped to the custom agent (of the railway transporting exhibit) at the port shipment is destined to enter the United States, which agent will attend to entering the same as shipper's broker. The names of such agents, terms, etc., will be furnished by local railway agents.

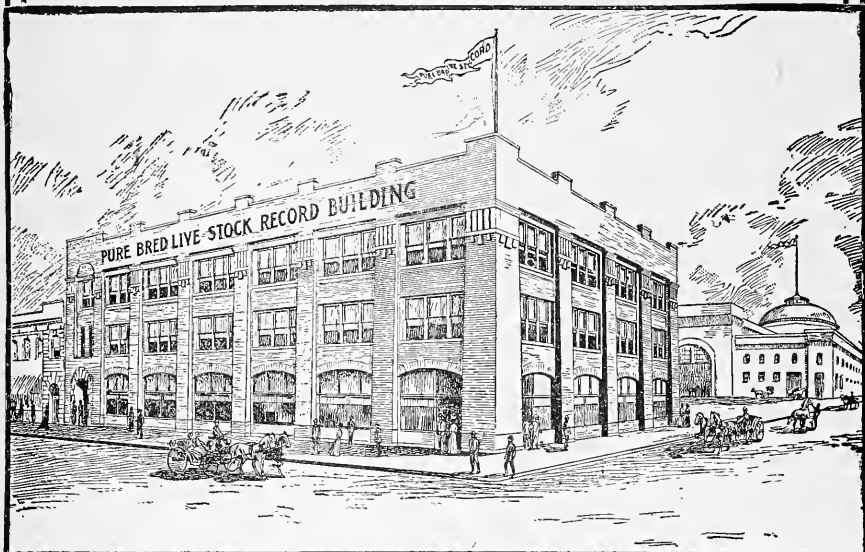

Shippers will be required to procure consular invoice of the consul nearest the point of shipment. Each shipment must be accompanied by duplicate shipping receipt to read:

.....

(Name of Shipper.)

Live stock exhibitors desiring to dispose of their exhibits in the United States are advised that the customs law does not allow entries to be made for breeding purposes unless accompanied by duly authenticated consular invoice; certificates of identification, signed and sworn to by the importer, the certified pedigree of the animal, and certificates

of registry of the same in the book of record recognized for that breed; and not then, unless it is clearly proved that the special purpose for which they are being imported is for breeding. (This will apply to all animals above named.)

The following is an extract taken from Circular No. 10, Division of Customs, United States Treasury Department, under date of Washington, D. C., January 22, 1892:

"It having been ascertained that registers have been established for the sole object of making cross-bred and mongrel animals eligible for free entry into the United States, and as paragraph 482 of the Act of October 1, 1890, provides that no animal shall be admitted free unless pure bred of a recognized breed, the object of the law being, in the opinion of this department, and the department of Agriculture, to exclude from free entry animals not absolutely and strictly pure bred, it is hereby directed that on and after April 1, 1892, no animal which is brought into the United States from foreign countries for breeding purposes shall be admitted free of duty, unless the importer furnishes a certificate which shall contain a pedigree in the form hereafter given, showing that all the ancestors have been recorded in a book of record established for that breed, for five generations on the side of the sire and four on the side of the dam, together with the affidavit of the owner, agent, or importer that such animal is the identical animal described in said certificate of record and pedigree.

"Unless such certificate of pedigree is produced, therefore, the animal shall be considered dutiable, as not being pure bred of a recognized breed and duly registered in the book of record established for that breed.

"In case such certificates are not at hand at the time of the arrival of the animals, and other evidence is produced, satisfactory to the collector, showing that the animals are entitled to free entry, the collector may so admit them, taking a bond in double the value of the animals for the production of the proper certificates.

"The law requires that all cattle, hogs, and sheep imported into the United States shall be carefully inspected by the veterinary inspector of the Bureau of Husbandry; and animals found to be free from disease and not to have been exposed to contagious disease, will be admitted into the United States on complying with the other customs regulations."

Any further information that is required will be furnished by customs broker.

All charges for customs and brokerage must be borne by the exhibitor.

Late customs regulations furnished on application.

Uniformly Good Sales

The above three words state one of the guiding principles of our business. Sales at extreme top of the market are of course highly creditable to the salesman and gratifying to the owner (and we make more of them than any other firm in the trade)—yet not every shipper has the kind of stock necessary to bring the "top." Every shipper, however, wants his stock, no matter what kind it is, to bring the very highest price possible. Whether a consignment comprises prime export beefs or canning cows, select shipping hogs or rough sows, fancy fat lambs or old ewes, we sell them for every cent that skilled salesmanship, perseverance and hard work will bring.

P. F. McClure, Pres. of the Pierre National Bank, of Pierre, S. D., writes: "I am entirely satisfied with your recent sale of my sheep. They were a very ordinary lot and badly mixed and they brought me more money than I had counted upon."

Milton E. Jones, Williamsville, Ill., writes: "I am well pleased with the sale you made of my cattle and hogs. As it included a mixed load of cattle, some fancy and some very plain, it shows that you can handle all grades to advantage. Please accept my best thanks for the good sale you made for me. Everyone wonders how you did it."

Mr. Sears McHenry, Cashier of the First National Bank, of Denison, Iowa, writing in behalf of Mr. W. A. McHenry, says: "I do not know whether W. A. McHenry, who is away from home for the summer, has written you or not, but he was very much pleased indeed with the manner in which you handled his consignment, as was also Mr. Davis, a local shipper, and your sale fully convinced the latter gentlemen that even so large a house as yours does have time enough to pay attention to small shipments." (Above refers to a consignment of cows which we sold at \$6.25, topping the market 75c and scoring the highest point reached in five years.)

BREEDING CATTLE DIVISION

RULES.

Rule 60. Stall fees: \$3.00 for each animal when occupying single stall; \$5.00 when occupying box stall, which must in all cases accompany the application for entry.

Rule 61. The dates for computing ages of breeding cattle are fixed as September 1st for Senior classes, and January 1st for Junior classes.

Rule 62. A bull over one year old without ring in his nose may be excluded from the Exposition, in the discretion of the General Superintendent.

Rule 63. Accompanying each entry of cows three years old or over in any of the breeding classes an affidavit is required at time entry is made, giving date of birth of her last calf, or the time she is due to calve, and such cows must have produced a living calf since September 1st of the year previous, or show satisfactory evidence of being in calf. Where objection is made (and sustained by the Executive Committee) as to the cow's eligibility under this rule, any premium awarded to such cow shall be withheld until said cow shall have produced, on or before March 1st, following the Exposition, a calf.

Rule 64. Any bull over thirty-six months old entered in any of the breeding cattle classes, that has not had dropped to his services a living calf during the eight months preceding the opening day of the Exposition, shall be deemed barren, and as such shall be excluded from the competition. Certificates from the exhibitor, properly attested, will be required by the General Superintendent.

Rule 65. Judges are instructed to award prizes for breeding cattle in the different classes in the order in which they, as buyers for a valuable consideration and without any warranty of usefulness, would make selection therefrom for breeding purposes; due consideration being given, on the one hand, to the accepted maxim of breeding, that "like produces like," and on the other hand, to the doubtful utility for breeding purposes of overfat animals, not considering color or pedigree.

Rule 66. Judges are instructed to discriminate against animals upon which a surgical operation has been performed for the purpose of improving its "show" appearance, such as severing of a "tie" in the back, at the rump, or elsewhere.

Rule 67. In plain cases where these rules are violated, when brought to his attention, the General Superintendent will investigate carefully, and shall, in his discretion, disqualify animals or exhibitors, or both. In such plain cases the initiatory in bringing punishment on the offenders shall be the duty of the officers of the Exposition.

Rule 68. In doubtful cases, where insufficient proof of violation of these rules is evident to the General Superintendent, so that he shall deem himself unwarranted in taking the initiatory steps, then complaints against animals or animal exhibitors believed or supposed to be evading the rules, come under the jurisdiction of, and must comply with, Rule 25.

Rule 69. In cases pertaining to animals being ineligible to competition under these rules, that shall come before the Executive Committee for final disposal, in which complaints shall have been established before and by the Executive Committee, then the Executive Committee may impose penalties in accordance with the foregoing rules. All fees paid, or premiums that may have been awarded, shall be forfeited to the Exposition, and the Executive Committee may impose such additional penalty as, in their judgment, the case deserves.

FOR THE MAN BEHIND THE HERD.

NEW HONORS TO BE WON AT THE INTERNATIONAL LIVE STOCK EXPOSITION.

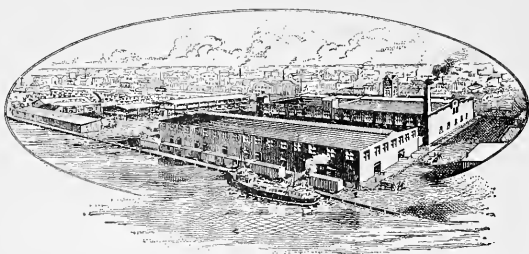

Recognizing the superior skill, fine judgment, and faithful devotion to duty on the part of the herdsman in preparing the splendid specimens of animal excellence displayed annually at the International Live Stock Exposition, the management has decided to establish a series of competitive awards each year in the shape of solid gold and silver medals, to be worn as honorary distinctions by "the man behind the herd," in each of the six leading beef breeds of cattle.

The medals to be won comprise the following:

To the herdsman fitting the grand champion steer of the show, a gold medal.

To the herdsman fitting the grand champion carload of beef cattle, a gold medal.

To the herdsman fitting, respectively, the champion bull of each of the six leading breeds of cattle, viz.: Shorthorn, Aberdeen-Angus, Hereford, Galloway, Red Polled and Polled Durham, a silver medal each, thus making in all eight medals each year to be competed for.

The conditions of these awards shall be (1) that the animal or animals winning the championships named shall have been under such continuous, immediate, and personal charge or care of the herdsman for a period of at least six months preceding the opening day of the show, that it may be fairly and truthfully said that the superior condition and success of such animal or animals in the ring were due to his efforts more than to any other cause or factor except breeding or pedigree; (2) that, except for unavoidable sickness or other excusable absence, the animal or animals shall be led into the ring or exhibited to the judges by such herdsman, who shall truthfully answer all questions put to him by the judges as to the age, condition, and care or methods of treatment given the animal or animals prepared for exhibition by him; (3) that should the grand champion steer or carload, or the respective champion bull, have been under the care of the exhibiting herdsman for a period of less than six months preceding the opening day of the show, then the appropriate medal shall be awarded to the herdsman who prepared and exhibited the reserve champion animal or animals, or the next in rank, as the case may be, in accordance with the above stated conditions.

The purpose of awarding this series of valuable and beautiful medals is to show appreciation on the part of the management of the large share of credit due herdsmen for the excellence of the yearly exhibits of cattle at the International, to offer added incentives and a further reward to these faithful men for the intelligent thought and painstaking care by which they have sought to improve the breeds to which they are devoted, and to induce other herdsmen to strive for similar honors.

While it is not expected that these prizes will increase interest and effort in a field where both are already exercised to the fullest extent, yet it is hoped that they will add enthusiasm to the work of preparation and increase the number of those who strive for the highest honors in the exhibition rings.

MILKING SHORTHORNS

Rules adopted by the American Shorthorn Breeders' Association to govern the competition in Classes for "Milking Shorthorns" at the National Shows and State Fairs for the year 1907.

All cows competing in any class in which this Association offers all or part of the premiums shall be clean milked out to the satisfaction of the Superintendent at 6 p. m. on the evening previous to the show.

On the first morning of the show all cows are to be milked in the ring in the presence of the judge, who shall also see each animal's milk weighed, and this shall be done for three consecutive days, morning and evening, at hours to be fixed by the Superintendent, and any animal that does not yield up to the following standard, when milked in the ring, shall not be awarded a premium:

STANDARD	If she has calved within 3 calendar months of the first day of the show	If she has calved more than 3 calendar months before the first day of the show
Cows 3 years old or over, not less than.....	20 lbs. of milk.	15 lbs. of milk.
Cows under 3 years old, not less than.....	14 lbs. of milk.	11 lbs. of milk.

And as the object of this class is to show the adaption for both beef and milk production, judges shall have regard for the size, shape, and general appearance of the udder both before and after milking; and also for the size, quality, and general appearance of the animal from the standpoint of beef production; and shall also allow 50 points for each of these dual purposes.

The Dominion Shorthorn Breeders' Association of Fremont, Ont., will duplicate all First Prizes won by Canadian Bred Shorthorns, if exhibited by a resident of Canada.

Old-Fashioned Banking

After all, is not old-fashioned banking the best—the kind of banking that regards a bank as a commercial institution intended to promote commerce, not a finance company for the purpose of promoting private speculations or speculative enterprises? Is not that kind of banking the best which looks upon the banker as a member of a profession, as the confidential custodian or steward of other people's money? Is not that banking the best which seeks to serve the public instead of the individual? Is not that banking the best which is the evolution from a neighborhood need for banking facilities rather than an evolution from some individual's desire to obtain the use of other people's funds for his own purposes whether they be beneficent or not?

The above is an Editorial from the N. Y. Wall Street Journal of Oct. 19, 1907. It is reprinted because it so exactly coincides with the beliefs and aims of the men who for 38 years have shaped the policy of the—

CONSISTENTLY adhering to legitimate commercial banking, confining its loans to reputable manufacturers and dealers in salable merchandise, The National Bank of the Republic, of Chicago, located in the heart of the business district, offers the advantage of its facilities, developed and perfected by over sixteen years of successful service to depositors.

CHOOSING A BANK

is one of the most important acts in the career of a business concern. The right banking connection is of material help to any enterprise. Our record since organization is one of conservatism, energy, courtesy and steady progress.

where there is a broad, competitive market, and save the middleman's profit, thus giving you the Chicago market at home, less freight and commission.—Why make your home grain buyers a present of from 50 to 200 Dollars out of each crop when you can save it by shipping.

The disposal of his grain in a business-like way—thus securing the best price possible—is fully as important to the farmer's prosperity as to raise big crops. Write for full information how to ship.

DO YOU WISH TO MAKE THIS PROFIT?

FARM LAND, good and cheap, in Wayne and Ripley Counties, Missouri, in 40, 80, 160 or more acres near town and R. R., and good market. This land is taken up by active farmers who cultivate the land and thereby increase value of adjoining land at all times. Land sold now at \$8.50 to \$15 per acre will inside five years be worth \$50 to \$75 per acre. Do you wish to make this profit? If so, go and see the land and you will buy, as nearly every one has done who has seen the land. Also 25,000 acres in Sherman County, Kansas. This land is ready for the plow at \$10 to \$15 per acre. Several good and cheap farms in Michigan and Wisconsin at \$10 to \$15 per acre. Excursion 1st and 3rd Tuesdays Each Month

FAT CATTLE DIVISION

(For stall fees see Rule 60, Page 22.)

Rule 70. Judges are instructed to prefer the highest degree of excellence obtainable, considering form, finish, quantity, and quality of flesh and fat, also age and weight; to recognize the very highest quality of prime edible meat, and to object to the production of superfluous tallow; qualities that are indicated to the touch, to the end that animals that win prizes on foot shall ultimately be proven first quality of beef.

Rule 71. All compulsory slaughter tests are abolished. Entries for slaughter test must be made at the same time as other entries.

Rule 72. Exhibitors will be required to furnish a statement of the feeds and methods of feeding employed by them in the production of their exhibits. Such statements shall be used for publication in newspapers and in the Exposition's Annual Report—or otherwise, as may in the discretion of the management be deemed best to promote the education of those interested. Blank forms of these statements will be supplied by the General Superintendent.

DRESSED CARCASSES.

Rule 76. Every available improved method will be used by the Exposition management to secure the humane slaughter of animals, and the best possible condition for the resulting dressed carcasses. To this end the facilities offered by some of the great packing house establishments will be used, and carcass prizes will be awarded in their cooling rooms.

Rule 77. Exhibitors of animals entered for slaughter and the dressed carcass competitions must, when requested, deliver said animals into the charge of the General Superintendent, who shall direct their care; food, and shrinkage, in accordance with the requirements of the case. Interference on the part of the exhibitor with animals thus delivered will be summarily dealt with.

Rule 78. Judges of fat carcasses in competition are instructed to prefer the attractiveness of carcass, percentage of high class meat to total carcass, quantity, and quality of flesh and fat.

CARLOAD CATTLE DIVISION

(FED AND GRASS CATTLE)

SPECIAL RULE.—Carloads of Cattle, Sheep, and Hogs intended for competition in the Carload Classes must be in place not later than noon Monday, December 2d. They will be judged Tuesday, December 3d, and must remain on exhibition until 6 o'clock Thursday evening, December 5th. Carloads need not be entered until they arrive here. No stall fee charged.

Rule 79. In the following sections for carloads, the term "Feeder" is hereby defined to be exclusively grass and hay-fed cattle. Cattle that have been fed grain of any sort, cotton seed, oil cake, gluten meal, or any like concentrated food, are hereby defined and classed "grain-fed," and such must be entered in the "grain-fed" class.

Rule 80: Car lots of feeder cattle competing in the following sections, where they are required to have been bred within certain districts, must have been bred and not removed from the district in which they were bred more than 30 days prior to the date of the Exposition and entered into the section under the rule of one of the districts defined to be eligible to compete in that section. The General Superintendent will require indisputable evidence that this rule is obeyed. The evidence of the various association inspectors at the Union Stock Yards will be accepted as final in cases of branded cattle.

Rule 81. Cattle competing as "grain-fed" in the following sections may have been fattened in any part of the world. No restrictions are placed on the places, feeds or methods of the feeder who finished the "grain-fed" cattle for the Exposition and the market.

NORTHWEST DISTRICT.

Rule 82. Animals to compete in the following Classes must have been bred in the Northwest District, which is composed of the following states: Washington, Oregon, California (north of the quarantine), Idaho, Nevada and Utah, and the Territories and Provinces of Northwest Canada. Bill of sale or other satisfactory evidence that competing animals were bred in this district will be required by the management.

SHORT-FED SPECIALS.

The International Live Stock Exposition, being desirous of determining and demonstrating the best and most economical method of feeding cattle, has created the following classes to be known as "Short-Fed Specials."

Cattle to be eligible for entry must not have been fed grain for six months previous to the time application is made, but after that time the owner may feed the cattle such feeds, including grain, as in his judgment will accomplish the greatest results within the given feeding period—i. e., from the date application is made for entry to the opening day of the Exposition.

The following rule governs this contest:

Rule 88. (a) Application for entry must be made between the 1st and 15th of August. (b) Cattle must be owned by exhibitor at the time application is made. (c) Cattle must not have been fed grain for six months prior

to the time application is made; they may, however, have been run in stalk fields. (d) Eighteen cattle may be fitted, but only fifteen of this number can be shown as one carload. (e) Cattle must be weighed, 12 hours in dry lot off feed and water, on day application is made and a record must be kept of the weight of these animals. The cattle to be judged will again be weighed, under similar conditions, at 10 a. m., Monday, Dec. 2nd. (f) Sworn statement by the owner and two other reputable persons that cattle had not been fed grain for six months previous to time application for entry is made, also covering the weight of animals on date of application, must be sent to the General Superintendent of the Exposition with said application. (g) A record of the kind, weight and cost of feeds consumed during the feeding period must be kept by the owner, who will deliver this information, together with the weight of the animals at time of entry, to the Superintendent of the Carload Cattle Division, on the opening day of the Exposition. (Blanks for all of these purposes will be furnished on request to the General Superintendent.) (h) In judging these classes, quality and finish will count sixty per cent; gain forty per cent.

The following prizes are offered for these classes:

CLASS	1st Pre.	2d Pre.	3d Pre.
201 Carload of 15 head, 1 year and under 2.....	\$100	\$50	\$25
202 Carload of 15 head, 2 years and under 3.....	100	50	25
203 Champion carload of these classes.....	Cup		

CHAMPION CARLOADS BY AGES.

Rule 89. Only car lots that have won first prizes in their classes in one of the foregoing sections or districts are eligible to compete in this section. No previous entry needed. Entries will be made by ring stewards, after the preceding classes have been judged.

INTERNATIONAL LIVE STOCK JUDGING CONTEST

Recognizing the importance of interesting young men in the study and improvement of the various breeds of domesticated animals, the management of the International Live Stock Exposition will make the stock judging contest an important feature of their exposition program. To young men (farmers' sons under twenty-five years of age and agricultural college students) who do the most proficient work in judging the various classes of live stock assigned for the purpose and giving best reasons substantiating their judgment, the following prizes are offered:

The Union Stock Yard & Transit Company will award a beautiful trophy to the agricultural college whose five students do the most efficient work in judging horses, and another for judging cattle, hogs, and sheep assigned for the purpose, and giving reasons substantiating their judgment under the following rules:

RULES AND REGULATIONS

(1) RULES GOVERNING ELIGIBILITY OF CONTESTANTS.

1. Any farmer's son under twenty-five years of age, who has never attended any agricultural college, may enter.

2. Any agricultural college student who has never taken part in any judging contest of interstate or international nature previous to the year in which the contest is held, and has taken at least twelve weeks' undergraduate work during the current year in the college that he represents, and who has at no time served in the capacity of an animal husbandry teacher in any agricultural college, may enter.

(2) SUPERINTENDENTS.

1. It shall be the duty of the superintendent to see that all rules and regulations governing the contest are duly carried out. He shall see that the contest is conducted with fairness and justice to all concerned.

2. He shall have a chief clerk and helpers to assist in superintending the different classes of stock, etc.

3. He shall direct the contestants as to which class to judge, time to commence work, and time to stop.

4. He shall say nothing to a contestant as to the method for the contestant to follow, either in judging the class, writing the reasons, or giving of reasons before the committee.

5. The superintendent shall have nothing to do with placing the animals in the various classes, or with the grading of the placing, or the reasons.

6. He shall have charge of all the grades given for both placing and reasons, and it shall be his duty to have these tabulated and totaled, and he shall deliver the result of the contest to the general manager of the International Live Stock Exposition, who shall publish the result.

(3) CLERK, ASSISTANTS, AND ATTENDANTS.

The clerk, assistants, and attendants shall be at the command of the superintendent and shall carry out his orders, and none of these assistants shall confer with the contestants, unless so directed by the superintendent.

The attendants holding the stock shall hold the animals in a careful manner, so that all contestants may have a fair chance to make observations on the same.

(4) JUDGES.

1. There shall be three judges for each class of stock judged. It is preferable that two of each set be stockmen (breeders or feeders of the class to be passed upon), and the third an animal husbandry instructor.

2. It shall be the duty of each committee of judges to look over the class of stock and each to decide as to the order in which the class shall be placed, and to decide on the essential reasons for placing the first above the second, the second above the third, and the third above the fourth. The judges shall keep their ratings of the animals secret until after the contestants have been before the committee.

3. When the contestant appears before the committee, the clerk shall present the contestant's card bearing his rating of the animals, and each judge shall make a note of the same and grade it as his judgment dictates and record his grade for placing on a card bearing the contestant's number. Fifty points shall constitute a perfect mark for placing. The contestant shall have three minutes in which to give his reasons for placing the animals, and it shall be the duty of the committee to hear those reasons and independently to grade for the same, and record his grade for reasons on the card mentioned above. Fifty points shall constitute a perfect mark for reasons.

4. As soon as the judges have recorded their grades, the clerk shall collect the three cards. The three grades on placing shall be averaged, and the average shall stand as the contestant's grade for placing that class.

5. The grade for reasons shall be arrived at in the same manner.

(5) CONTESTANTS.

1. All prospective contestants must send in their entries to B. H. Heide, general superintendent of the International Exposition by November 15, 1907.

2. Regular entry forms will be mailed all prospective contestants who desire the same before November 15, 1907.

3. An entry fee of \$2.00 will be charged each contestant for each class in which he is entered (judging of horses constitutes one class, and judging of cattle, sheep, and swine another), and this money must be forwarded with application. The money received from this source is to be used in defraying the expenses of the examiners.

4. Each college will be restricted to entering five (5) men to contest for each trophy, which number shall constitute a team.

5. Each contestant shall report to the superintendent in the Amphitheatre at 8 a. m., Saturday, November 30, 1907, when he will be assigned a number and such instructions as the superintendent desires to give.

6. No contestant shall wear any uniform, college colors, college hat, nor shall he in any way signify to the judges his identity or the identity of the college which he represents.

7. While the contest is in progress, there shall be no conferring between contestants or between a contestant and any one else, except as directed by the superintendent or his representative. Any violation of this rule will be punished by the expulsion of the offender.

8. The contestants shall be divided by the superintendent into three groups: A, B, and C, and shall be so designated thereafter throughout the contest. In no group shall there be more than two contestants from one college.

9. When the three classes of cattle are brought in, they shall be placed at least forty feet apart and forty feet from the outside fence. Group A contestants shall be assigned to one class, B to a second class, and C to a third class of animals. All groups shall be notified three minutes before time is up, and when final time is called group A shall move to the second class, B to the third, and C to the first; and when time is called for the last class, A moves to third, B to first, and C to second.

10. The contestant shall hand his card, bearing his number, class of animals, and placing to the supervising clerk immediately after he finishes each class.

11. When the judges have passed upon the rings, the cattle shall then be taken from the arena and group A shall be taken to one part of the arena, when each contestant shall be called before the committee of judges, whose duty it is to pass upon the first class of cattle, B before the second committee, and C before the third. When the three groups shall have finished giving reasons for the first class placed, they shall change in the same order as followed in the judging.

(6) TIME.

1. In each of the cattle, sheep, and swine classes, fifteen minutes shall be allowed the contestant to make his observations, write down his placing, and make such notes as he wishes to assist him in remembering the class when he goes before the judges; but no contestant shall be allowed to hold any paper or card, or device that will assist him while he is giving his reasons before the judges.

In the horse classes, twenty minutes shall be allowed to admit of time to move the animals. Horses shall be moved during first five minutes of time at both walk and trot.

Each contestant shall appear singly before the judges and be allowed three minutes to give reasons for placing of each ring of animals. The contestant shall write his placing on card, to be handed to the clerk as soon as he has finished the work of placing the class.

FORM OF CARD.

Contestant's number.....

Class.....

Placing

.....First;Second;Third;Fourth.

Card shall be four inches by two and one-half inches.

(7) CLASSES AND METHOD OF NUMBERING.

1. Four animals shall constitute a class.

2. The horses, cattle, and sheep shall be numbered by placing a card on the holder of the animal. These cards shall be numbered 1, 2, 3, 4, or lettered A, B, C, D, as the larger numbers would give the student too much to do in remembering them and take too much time to see them.

The pigs shall be numbered by sticking large gummed labels bearing the number on both the shoulder and the rump.

3. All newspaper men, officials, and others, except the superintendent, his assistants, the judges, policemen, and holders of stock, shall be excluded from the ring while the contest is in progress.

The following program shall be followed, beginning Saturday, November 30, 1907, at 8:00 a. m.:

8:00—Superintendents give instructions to contestants.

8:15—Three classes of cattle.

9-11—Judges hear reasons on placing beef cattle.

11-12—Three classes of horses.

12-2—Contestants give reasons for placing horses.

2-2:30—Lunch.

2:30-3:15—Three classes of sheep.

3:15-5:15—Contestants give reasons for placing sheep.

5:15-6—Three classes of hogs, one of which shall be a bacon class.

6-8—Contestants give reasons for placing hogs.

INTERNATIONAL CORN JUDGING CONTEST

FOR THE BEAUTIFUL TROPHY VALUED AT
\$1,500.00, PRESENTED BY MR. A. E. COOK,
ODEBOLT, IOWA.

To Be Won Three Times Before Permanent Ownership Can Be Obtained.

RULES.

1st. This contest will begin on the morning of November 30, 1907, at eight o'clock sharp.

2d. Each sample or class shall consist of ten ears of corn.

3d. The samples shall be ten in number, and of the following varieties, namely:

- 2 samples Leaming,
- 2 samples Reid's Yellow Dent,
- 2 samples Boone County White,
- 2 samples Silver Mine,
- 2 samples Golden Eagle or Gold Mine.

4th. Fifteen minutes shall be given each student for the placing of each sample.

5th. Each student shall give orally his reasons, substantiating his placing, these reasons to be given only in the presence of the judge who placed the sample of corn.

6th. The student shall place the five best ears in each sample, according to their excellence, the object being to select those ears which will be most profitable for the breeder or the grower, if he were to engage in the business for the next ten years.

7th. The student shall be marked or graded chiefly on his placing of the first three ears, the mentioning of the fourth and fifth shall be for the purpose of assisting the judges in their markings where competition is close.

8th. The student shall be given three minutes within which to make his oral report on each sample, having the sample before him at the time.

9th. The placing of the samples shall be completed before the oral report by the contestants to the judges is made.

10th. At the time of making the report, the judge shall have the five samples of corn before him which he passed upon.

11th. Six planks, fourteen inches wide and ten feet long, placed six feet apart and forty inches from the floor, shall be used and two ten-ear samples shall be placed on each plank. The ears shall be numbered from one to ten, by attaching a small label to each ear, by means of a rubber band. The label shall have the number of the ear printed on both sides; four kernels of corn shall be taken from the center of each ear and placed opposite the ear from which they were taken.

12th. The student shall be given a card upon which to report his placings to the judges, which shall be taken up at the close of each period before the student begins work on the next sample.

13th. No changes in placing can be made after the report is handed in.

14th. The ten samples of corn used shall be divided to suit the judges and each judge shall pass upon one-half of the samples offered.

15th. The superintendent shall secure the samples to be judged from prominent corn breeders, but no two samples of the same variety of corn used in this contest shall be grown by the same breeder.

16th. This corn shall be judged or placed by the judges on the Friday preceding the date of the contest.

17th. The scale of markings shall be sixty points for placing and forty points for reasons.

ROSENBAUM SPECIALS.

Rosenbaum Bros. & Co., commission merchants, Union Stock Yards, Chicago, as a proof of their appreciation of the work of agricultural colleges, offer special cash prizes amounting to \$1,000, to be awarded in the following manner on number of prizes won by each state's exhibits at the International Live Stock Exposition of 1907:

	Prize
To the state winning the greatest number of points.....	\$500
To the state winning second greatest number of points.....	300
To the state winning third greatest number of points.....	200

These prizes are to be paid to the experiment stations of the winning states and by them paid out as prizes on live stock or to successful students in judging live stock and grain, or both, at the winter meetings of the agricultural colleges known as "The Farmers' Short Course in Agriculture."

The details governing disposition of this money are to be decided by the Deans, Professors of Animal Husbandry and Professors of Agriculture of the winning colleges.

A table of points will be compiled for placing of these awards prior to the opening of the Exposition and will be published in the official catalogue of the show or can be had on application to the office of the General Superintendent of the Exposition.

McLAUGHLIN SPECIALS.

McLaughlin Bros., Columbus, Ohio, will give \$300 to the students from the various agricultural colleges doing the most proficient work in connection with the judging of horses in the Students' Judging Contest during the International Live Stock Exposition of 1907: First, \$70; second, \$60; third, \$50; fourth, \$40; fifth, \$30; sixth, \$25; seventh, \$15; eighth, \$10.

J. OGDEN ARMOUR SCHOLARSHIPS.

J. Ogden Armour's award of \$5,000 for twenty Agricultural College Scholarships will be distributed at the 1907 International Live Stock Exposition in the following manner:

To the college whose team does the most efficient work in the Students' Judging Contest, on

Horses	1
Cattle	1
Sheep	1
Hogs	1
Corn	1
Grains and feed and forage exhibit.	1
To the college whose team does the most efficient work in all of the classes	1

The remaining thirteen scholarships will be distributed on the basis of cash prizes won by the colleges in the open classes for International Exposition money only; the money of the Exposition that is won on the grain and forage exhibit not to be counted in this item.

The number of scholarships that can be allotted to any one school is restricted to 40 per cent of the whole.

This Roll of Honor

Is Worth Looking Into

Because it is made of materials that "have made good" in resisting various kinds of atmospheric attacks for a long term of years. No theory — no miscalculation. Performance and results are certain.

WEARS LONGER
ROOFRITE
COSTS LESS

"The Roofing that's Right"

IS THE CHEAPEST
you can buy, measured
by years of service

Is made for those who know that only the **best is cheap.** Big corporations that you know of save money by using **Roofrite, and you would also.** Send for free sample, stating kind of building you have to cover. **Roofrite** is good over shingles and saves on insurance rates. "Now" is a good word. Why not act to it, and avail yourself of the quality of a roofing made on honor and sold on its merits. Write or phone.

Adopted as the Standard Roofing by the Union Stock Yards & Transit Co., Chicago.

This official programme was printed
and bound at the Lakeside Press

The Largest High-Grade Printing, Binding, and Engraving House in America

Large users of printing can best appreciate the quality and service that we can give them, from the fact that a very large per cent of our total output is for large firms who have been regular customers of ours for from 12 to 40 years.

Send us the copy for your next catalogue or booklet. We will print it in a form that will insure a favorable reception for it wherever it goes. We will make cover designs and illustrations, engrave them by any process, print editions of hundreds or millions, and bind in paper, cloth, or leather.
